

SENATOR CUMMINS IN RACE

Iowa Progressive Announces Himself as Presidential Candidate

COMPLICATES SITUATION

If Progressives of His Own State Present His Name He Will Become Candidate at Convention.

Washington, Jan. 20.—Senator Albert Cummings of Iowa, progressive publican, today announced his candidacy for the Republican presidential nomination. His statement said that if the Republicans of Iowa believed him a fit man to urge before the Chicago convention he will accept their decision. The entrance of Mr. Cummings into the presidential fight materially complicates the Republican situation.

President Taft is now openly opposed for the nomination by Senator Robert M. La Follette of Wisconsin and Senator Cummings of Iowa, both progressives, while still other progressives are urging the nomination of Col. Theodore Roosevelt.

Senator Cummings' statement follows in part: "The political situation has materially changed since the last session of congress and it now seems probable that more than two candidates will be seriously considered by the national convention. Under these conditions, if the Republicans of Iowa believe I am a fit man to be presented to the convention as a candidate for the presidential nomination and desire to so present me, I will appreciate and accept their convictions."

BREAKING GORGE CRUSHES BARGES

Louisville, Ky., Jan. 20.—Under pressure from the upper Ohio and her tributaries, the gorge here broke today and the immense ice pack, which rested on the river bottom and jammed the channel of the Ohio for miles above the falls, began to move down stream, sweeping banks, crushing coal barges and gathering with it all floating property. Every steamboat and towboat was hurried to the assistance of the fleet of barges in the harbor, containing millions of bushels of coal.

CLAIMED TO BE SON OF BANKER WAS COAL AFFAIR

Wellsville, Jan. 20.—Geo. Seeley, aged 35, was arrested here on the charge of bigamy preferred by wife No. 2, who until her marriage with Seeley Monday was Mrs. Birdie Burns, with whom Seeley had boarded for 10 years. She charges that June last Seeley married Miss Hattie Haste of East Liverpool at Chester, W. Va.

Three years ago Seeley married a well-to-do young woman of Toronto. He told her he was the son of a banker. In her petition for a divorce she alleged that his father worked in a coal bank. The separation was granted for non-support.

CHILD FATALLY BURNED.

Coshocton, Jan. 20.—Mary, the 5-year-old daughter of Joseph McDevitt, was fatally burned here yesterday. Her skirts ignited from an open gas fire. Her eyes were burned out.

BOTKINS EDITOR DEAD.

Wapakoneta, Jan. 20.—E. A. Blakely, editor of the Botkins Herald and for years postmaster of Botkins, died at his home in that city last evening from the effects of pneumonia. He was 55 years old and left a widow and two children.

MEN RESCUED FROM RIGGING OF THE SHIP

Norfolk, Va., Jan. 20.—After clinging for more than 30 hours to the rigging of the sunken vessel, four members of the crew of the steamer Harry Prescott were rescued at daybreak today by the revenue cutter Itasca. The men were nearly dead from exposure. They had lashed themselves to the rigging of the ship and hung suspended in the temperature below the freezing point.

LATEST CANDIDATE OUT FOR PRESIDENT

SEN. A. B. CUMMINS

Senator A. B. Cummins, of Iowa, is the latest to indicate his willingness to be his party's standard bearer in the 1912 presidential campaign. He is a progressive Republican.

MILLIONS ARE SUFFERING FROM FAMINE IN CHINA

New York, Jan. 20.—The Presbyterian Board of Foreign Missions made public today the following telegram, dated from Shanghai: "Two and a half million famine-stricken people. Relief urgent. Needs must be met in America, owing to the revolution. Command appeals to Americans for at least \$1,000,000 gold." This is signed by Bishop Graves of the Protestant Episcopal church and E. C. Lodenstein of the Presbyterian church.

NOTED KU KLUX DEAD.

Grover, S. C., Jan. 20.—E. R. Sebaugh, aged 65 years, prominent in the reconstruction days as a leader in the Ku Klux Klan, died yesterday at his home here. He led a division of the clan that lynched Tom Roundtree, a negro agitator, a year after the war.

NOT RELATED TO FORMER PRESIDENT

Akron, O., Jan. 20.—George Washington, is under arrest, charged with dumping refuse into one of the public streets of Akron. It is not the George of cherry tree fame, explained Police Officer Goodenberger, who served the warrant. He is no relation whatever to the former president. "He's of a different color."

WOMAN SUFFRAGE IS HOPE OF THE ANTI-SALOON LEAGUE

Columbus, Jan. 26.—The forces of the Anti-Saloon League will work to influence delegates to vote for a woman's suffrage clause in the constitution. This prediction was made by delegates remaining over the adjournment today.

It was stated that the work of the League will have a large interest in this question. Solomon Johnson of Williams county states that he was approached by league representatives even before his election, during the campaign last fall. Johnson said he believed the people of Ohio were not yet ready for woman's suffrage. He declared that the writing of radical measures into the constitution will be the cause of its rejection by the people.

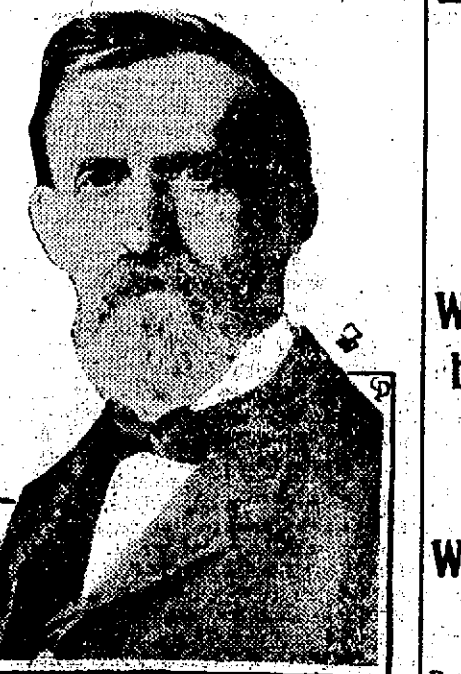

NEWARK BOARD OF TRADE

The undersigned agrees to become a member of the Newark Board of Trade for the year 1912, to use his influence toward the improvement and development of Newark and to pay the annual fee of \$5.00 on or before..... 1st, 1912.

(Signed)

Please clip, sign and send to the Newark, Board of Trade, Newark, Ohio.

CALL SENATOR KERN BRYAN'S CANDIDATE

SEN. JOHN W. KERN

William J. Bryan is reported in Washington as favoring John W. Kern, senator from Indiana, and Bryan's running mate in 1908, for the Democratic nomination for president. His choice for vice president, it is announced, is Senator O'Gorman of New York.

HUNT CONVICT AS MURDERER

Grand Rapids, Jan. 20.—The police as yet have been unable to clear away the mystery surrounding the murder of aged Emil Kilstron, who was shot dead here in his office yesterday. A search is being made for an ex-convict, who six years ago robbed the Kilstron office and was sentenced to prison. It is alleged that he at that time threatened vengeance.

PRESIDENT FREES AN INNOCENT MAN

Washington, Jan. 20.—A miscarriage of justice caused President Taft to grant a full and unconditional pardon to Oscar Krueger of New York, who has served nearly a year of an 15-month sentence in the Atlanta penitentiary for a crime that he did not commit. Expert handwriting testimony, it was said, was responsible for his conviction on a charge of mailing an obscene letter. An exhaustive investigation by the department of justice established Krueger's complete innocence.

ABDICATION OF MANCHU DYNASTY

Chicago, Jan. 20.—According to a cable dispatch from Peking, the abdication of the Manchu dynasty is an accomplished fact, and the delay in issuing the edict, already drawn up, is solely to prevent the rising of the reactionary element of the imperial family, headed by Prince Kuang. It is also declared that Tien Tsin will be the temporary capital of China until the new government is formed.

WOMAN SUFFRAGE IS HOPE OF THE ANTI-SALOON LEAGUE

A movement was strong among delegates today, insisting in the organization of all committees next week and the beginning of action on the proposals already submitted. These delegates unite in the belief that the convention should set itself to revise the constitution so as to pave the way for legislation along modern lines. They all agree that the new changes should be short and the session of the constitution not prolonged.

E. L. Lammson of Ashtabula predicted today that the proposal to give the state the power to issue bonds for highway construction would be one of the first proposals to be approved by the convention.

BURNING KISSES FOR FAIR MAID

Were Pressed Upon Her by the Young American Millionaire

WITNESSE'S TESTIMONY

Bancroft, Suing Powder Magnate's Daughter for Divorce, Denies It All.

Wilmington, Del., Jan. 20.—For the greater part of one hour Emma Dollinger, the star witness for the defense in the divorce suit of John Bancroft Jr. against Madeline Du Pont Bancroft, faced young Bancroft and withstood the cross-examination of his attorneys, sticking by the affidavit she made in Munich last year, prior to being brought to this country.

Her story caused such great interest that all the municipal officials, pretty nearly every attorney in town and as many of the privileged ones as could gain entrance to the superior court were on hand from 10 o'clock yesterday morning, so as to be certain not to miss the sensational testimony of the young and handsome woman.

With smiling countenance, showing her white teeth, Miss Dollinger quietly told her story, and when asked whether young Bancroft was the man who wooed her when she was standing near a shop window in Munich, she said naively: "Yes, I am certain that is the man."

Bancroft, for the first time during the young woman's testimony, looked up and his eyes were quickly lowered after meeting the dark-brown eyes of the Dollinger woman. Mrs. Bancroft Sr. was not in court. She had been able to listen to the witnesses for her son and had heard the loving epistles to her daughter-in-law read. But it was said that the story the German woman was to tell would be too much for her, so she decided not to be present at yesterday's hearings.

The pretty witness, who had brought a crowd with her from the station and had evaded the attempts of the photographers to snapshot her by putting a newspaper before her face, began her story by telling the court that she was secretary in the employ of the director-general of municipal buildings in Munich, Germany. Bending her head low, with attractive hand gestures, she said she was standing in front of a store window in Munich in February, 1910, when she noticed a young man pass her. He also stopped to look in a window a little further on the street.

Miss Dollinger asserted that she again looked at the young American and then turned away. It was then, she declared, that young Bancroft made a detour and came to the store window where she was standing and spoke to her. The German woman, who gave her age as 23, smilingly asserted that the well-dressed young man then asked her to come for an automobile ride with him.

At first, she declared, she told Bancroft that she could not, as she was on her way home. However, Miss Dollinger testified, she finally abandoned herself to the pleadings of the young American and he hailed a taxicab. The driver then was told to go to some place and Miss Dollinger said she suddenly felt Bancroft's arms around her.

"Then he kissed me passionately," said the young woman in German. Her testimony was translated, sentence by sentence, by Marion T. Larned, of Pennsylvania University. The young woman then went on to say that Bancroft went too far in his attentions in the taxicab and that she could not make the driver stop until she had opened the door. Nevertheless, Miss Dollinger admitted that she made an appointment to meet Bancroft again. "But I did not go," she whispered.

Young Bancroft's head hung low all the time the witness was on the stand, but she gazed steadfastly at him, and was evidently amused when her eyes finally did meet his. She said on cross-examination that she had heard who Bancroft was through seeing a photograph of the young man, shortly after she met Max Heibler, who is named as co-respondent in the divorce action. She met Heibler, she said, through the German student's godmother in July last. She again said she was positive the young man in the courtroom was the same person with whom she had had the exciting adventure in the taxicab. J. Harvey Whitman, chief counsel to the petitioner, endeavored to break down the young woman's story, but she adhered to every detail of it and declaring her innocence of any wrong.

(Continued on Page 2, Col. 3.)

GEN. NUNEZ CAUSES TROUBLES IN CUBA

GEN. EMILIO NUNEZ

General Emilio Nunez, leader of the last revolt made by Cuba against Spain, and which did so much to bring on the Spanish-American war, is the hub of the trouble that has led the United States government to threaten intervention. Nunez, with Col. Aranda, another veteran, organized an association of men who had fought through the revolts against Spain. The present trouble was brought on by Nunez's attempts to play politics with his organization.

BURGLARS RANSACKED GLANCY HOME

Burglars affected an entrance to the home of P. J. Glancy in Seventh street Friday night but were frightened away before they secured anything of value.

Mrs. Glancy has been staying at the house alone and had been away for the evening. She went home about 9 o'clock and retraced looking her door leading into the hall. About 1 o'clock she heard a noise as if some one was walking in the room below. She was too frightened to leave her room but soon after arose to go to her door when the key was pushed from the lock. She hastily pushed against the door and heard the intruder run hastily down stairs and slam the front door.

Mrs. Glancy was then too frightened to venture into the other part of the house and remained in her room until daylight when Mr. and Mrs. Alsapach who live next door came in. Mr. Alsapach on returning from work saw the kitchen door standing open and found the front door unlocked. It is supposed that a skeleton key was used in gaining an entrance through the kitchen door.

As Mrs. Glancy keeps all the silverware and money in her room nothing of value was secured.

CLAIMS MANCHUS WOULD DISMEMBER CHINESE EMPIRE

Nanking, Jan. 20.—The foremost of the Republicans here today declare that the Manchus are determined to bring China to ruin and dismemberment as a final despairing act. Yuan Shi Kai they assert is practically a prisoner in Peking and poses as a champion of the Manchus to save his own life. President Sun and members of the cabinet are convinced that the recognition of the Republic by the powers will be accomplished unless certain of the powers oppose it to favor the imperialists.

BEATEN WITH BALL BAT.

Canton, O., Jan. 20.—Albert Martin, 25 years old, on his way to work, was attacked by three men who, he says, beat him into unconsciousness with a ball bat and then threw him across the rails of the Pennsylvania railroad. Passing workmen found him in an unconscious condition. Two men have been arrested.

NEARING HER CENTENNIAL.

Bloomington, Ind., Jan. 20.—Indiana University was 92 years old yesterday and a holiday was declared at the state school while Foundation Day was celebrated. The principal address was delivered by Dr. J. McKee Cattell of Columbia University, on "Science and Democracy."

FIRE DESTROYS OLD LANDMARK

New York, Jan. 20.—Fire today destroyed the interior of the Church of the Nativity, an old landmark. A leak in the gas is supposed to have caused the blaze.

FACTORY FUND STEADILY GROWS

The Board of Trade's \$2500 fund to be used in bringing the Advance Glass Company from Utica to Newark is growing, several hundred dollars having been subscribed Friday and Saturday. A list of those who contributed will be printed later. The Board of Trade hopes to finish the work within the next few days. Subscriptions are solicited. Kindly send your subscription to the Board of Trade now.

ITALIANS TAKE TURKS FROM A FRENCH VESSEL

Paris, France, Jan. 20.—The captain of the French steamer Manuba, seized by the Italian destroyer yesterday, enroute to Tunis with 99 passengers, aboard, including 29 Turkish nurses, disembarked the Turks on his own initiative at Cagliari and was then permitted to leave the port. This action is not in accordance with the wish of the French government, as the Turkish nurses are believed to be members of the Red Crescent until the contrary is proven by the Italians, who assert that among them were some Turkish officers in disguise.

NEIGHBORS DIE WITHIN THE HOUR

Napoleon, Jan. 20.—Within an hour last night, two of Henry County's best known residents, three miles from here, and neighbors for 73 years, died. William Diery, aged 78, civil war veteran, died of diabetes; William Back, 91, an ardent devotee of the infirmities of age. The latter was a Republican, but frequently held office in his home township, which is strongly Democratic. He is survived by four children, including a son, Frank, a United Brethren missionary in India.

GRAVE DIGGER WAS GRAFTER

Columbus, Jan. 20.—Wm. T. Townsend, grave-digger of the Abbottsville cemetery, Van Buren township, Darke county, for more than 15 years, manipulated the accounts of the cemetery and in 1911 had caused a shortage of \$3,663.25 was the charges made in the report of the state bureau of inspectors and supervisors of public officers made public today. Attorney General Hogan today said legal action will be brought against the trustees of the cemetery by the state to recover the shortage according to the report. Townsend sold lots, dug graves, sold stone boxes to bereaved relatives and friends and then pocketed the money.

MINISTER WILL GET THE WINE

Washington, Jan. 20.—Fear that a bill to prohibit the interstate transportation of liquors would prevent the use of wine in church communions, led the Rev. George Schubert of Wilkesbarre, Pa., a minister, to protest before the house judiciary committee. The committee informed him that the measure would have no such effect, and Mr. Schubert departed much relieved.

YALE DORMITORY WAS THREATENED

New Haven, Conn., Jan. 20.—Old South Middle, the dormitory officially known as Connecticut Hall, on the Yale University campus, was threatened with destruction by fire early today. Clouds of smoke poured from an upper window and the fire company was called and quickly subdued the flames. The damage was small and was confined to the room where the fire started. Old South Middle is the connecting link between the old and the new college.

WHAT IS IT?

LYNCHING CRY RAISED AT CAPITAL

Mob Threatened Columbus Man Accused of Mistreating Infant

LEADER HAD ROPE READY

Police Fight Way Through Crowd, Which Had Surrounded Home, and Rescue Prisoner.

Columbus, O., Jan. 20.—With one man carrying a rope and crying "lynch him!" and a few of a crowd of neighbors brandishing revolvers and knives, the police at 5 o'clock last evening rescued Tommaso Macri, aged 20, suspected of having mistreated Sophia, 8-months-old daughter of Mr. and Mrs. Antonia Venturini, from the Venturini residence at Nineteenth and Chase streets, and took him to the city prison.

The rescue was accomplished after the crowd had threatened to storm the house in which the trembling Macri had been a boarder. Macri, who was intoxicated when placed under arrest by Patrol Officer Smith, vehemently proclaimed his innocence of the charge with the mother placed against him. She declared Macri had been out of work and returned home in an intoxicated condition during the afternoon. At 5 o'clock, she said, she placed the child in her cradle while she left for a grocery store.

She said she returned in ten minutes and found the baby crying in Macri's arms. Macri, she said, was trying to soothe her. Blood was spattered over both man and child, she said. She grasped the baby and rushing out into the street, screamed to several neighbors that her child had been injured. A crowd rapidly gathered.

Mrs. Venturini told the police that she returned to her house and questioned Macri, who appeared to be in a stupor and refused to talk. "Lynch him," cried one man in the crowd outside, as he waved a rope in the air. The cry was taken up and a rush was made for the door. The woman locked it, while Macri covered down in a corner. A brother of the woman, who had been asleep on an upper floor, hearing the uproar, ran down stairs.

When told of the occurrence he drew a stiletto and made a rush for the fear-stricken boarder. His sister intervened and prevailed on him to telephone police headquarters. When a patrol arrived the wagonmen had to fight their way through the crowd into the house.

As the officers emerged with their prisoner an angry cry went up from the crowd, but no attempt was made to do him harm until the mother, with the baby in her arms, made her appearance. For a moment the officers thought they would have to use their revolvers as Macri climbed into the patrol.

A rapid run to the Children's Hospital was made and the child and its mother left there, while Macri was lodged in the city prison to await the outcome of an investigation of the child's condition. Macri broke down and cried at the city prison.

He begged the officers not to allow the crowd to injure him. He told the officers in broken English that he had done the child no injury and was only trying to quiet it when it began to cry shortly after its mother left.

Dr. Dickson L. Moore of 217 East State street, who examined the child, said last night that the injuries, while somewhat serious, were not fatal. He could not tell as to their permanence.

BUILDINGS BURN ON CLEVELAND'S PUBLIC SQUARE

Cleveland, Jan. 20.—Two buildings at the northwest corner of Superior avenue and the public square were destroyed by fire today with a loss of \$150,000. They were the Rouse and Jennings buildings. The Morrison building, adjoining, was badly damaged. The cause is not known.

FROZEN SWITCH RESPONSIBLE

Phillipsburg, Pa., Jan. 20.—Nine persons were injured in a wreck on the Pennsylvania railroad near here today when two cars of a passenger train left the tracks and a coach overturned. A frozen switch caused the accident.

FRATERNAL ORDERS

L. O. O. F.
Newark Lodge, No. 623, met in regular session Monday evening, Jan. 17, with a good attendance. The evening was pleasantly and profitably spent and considerable business of importance was transacted. We had the pleasure of meeting brothers from nearly every lodge in the county, who visited our lodge last meeting. After lodge all present were conducted to the banquet room, where a spread well calculated to tempt an appetite was served. The aged followers of the pure principles of Odd Fellowship sat at the table with the smooth-shaven youths just entering the world-wide circle, the old man proud of his long association with the order and the young man equally proud of his privilege of entering the field. All spent a pleasant evening and we hope for equally as good attendance at our future meetings. The following officers were installed for the coming term:
N. G.—W. F. Oatman.
V. G.—L. H. Speer.
Secretary—C. W. Boyd.
Financial Secretary—J. E. Wilson.
Treasurer—R. J. Belt.
Ward—A. A. Gobel.
Conductor—James E. Shields.
J. S. G.—W. Wortman.
O. S. G.—Franklin F. F.
R. S. N. G.—W. G. Holman.
L. S. N. G.—G. Harris.
R. S. Y. G.—W. P. Fairall.
L. S. Y. G.—L. Jones.
L. S. Y. G.—Chas. Meek.
Chap.—B. A. Howard.
All brothers are requested to be present Monday evening, Jan. 22, as the initiatory degree will probably be conferred. Visiting brothers always welcome.

Olive Branch lodge met in regular session Tuesday evening, January 16, with a good attendance. Considerable business of importance was transacted and the initiatory degree was conferred on one candidate.
Next Tuesday evening there will be installation of officers, followed by a banquet. All Odd Fellows are cordially invited.

Modern Woodmen.
Cedar Camp, No. 4727, met in regular session Monday night. The entertainment committee decided to have an open meeting for the Modern Woodmen and the Royal Neighbors on Jan. 29 in the nature of a dance. Each Modern Woodman is entitled to invite his immediate family, the Royal Neighbors are entitled to invite their immediate families, and the lady or gentleman escort of stoner society. This is not an open meeting for the public in general, but a meeting for the Modern Woodmen and Royal Neighbors.

Neighbors F. L. Imbody, A. M. Irwin, C. L. Sturgeon, K. E. Hopkinson, Emil Sohn and G. W. Walker were reported sick. At the next meeting of the camp there will be candidates to receive the work and a good attendance is desired.

Royal Neighbors.
The last regular meeting of Daisy Camp, No. 2574, Royal Neighbors, was attended by a large number of the members and there was also quite a sprinkling of visitors. Edith Forgrave, Clara Hatfield, Jennie Williams, Justine Harmon and Charles Harner were found in the reception room by the marshal. They were conducted into the lodge room where they were instructed in the mysteries of the society, after which the following officers were installed by Neighbors: Oracle—Flora Froelich.
Vice Oracle—Vera Martin.
Chancellor—Tunie Kennell.
Recorder—Lulu Morrison.
Receiver—Metta Kerr.
Inner Sentinel—Flora Sturman.
Outer Sentinel—Minnie Place.
Manager—Virginia Mayer.
Physician—Dr. Carl Dillon.
The next meeting of the camp will be held on Wednesday, Jan. 24, and every member is requested to bring a package, no matter what. It is planned to have a good social time. It is desired that as many of the members as can possibly do so, attend the meeting.

Knights of Maccabees.
Oatagon Tent, 122 E. T. M., held a very well attended and interesting review on Wednesday night, Jan. 17. The retiring finance auditor made his final report. It was decided that the regular reviews be held on the first and third Wednesday nights of each month.
At the close of the review the doors were thrown open and the guests of the evening, consisting of the L. O. T. M. and families of the Sir Knights entered the hall and witnessed one of the finest entertainments that has ever been held by the Knights. All expressed themselves as being well pleased with the evening's entertainment.

Knights of Pythias.
What is expected to be one of the biggest events of the Knights of Pythias festival to be held in Columbus Jan. 21 will be an initiation of more than 100 past chancellors of the state into the grand lodge. The degree work will be conducted by the grand chancellor, Spencer Wallace of Stenhouseville, in McCoy Post, G. A. R. quarters, Memorial Hall, at 7:30, preceding the night entertainment in the Auditorium.
The round of the day will begin with a luncheon at the Columbus

Only One "BROMO QUININE," that is

E. W. L.

COUNTRY CLUB FOR THE GRAND OFFICERS

From 11 a. m. to 1 p. m. Following this the party will be shown about the city in automobiles. Returning to the Neil House, the headquarters, a reception will be tendered to the grand officers at 5 o'clock.
One of the most interesting features to the public will be a military parade by the uniform band, under command of Maj. A. L. Frey, immediately following the reception. Weather permitting, 50 companies in the central part of the state will participate.

At 8 o'clock the grand rally, addressed by the grand officers, will begin at Memorial Hall auditorium.
At the regular meeting of Hawthorn lodge, No. 225, Knights of Pythias of Centerburg, held last Thursday evening, the following officers were installed by Deputy L. M. Bell, assisted by J. W. Richert and D. G. Master at Arms and Dr. W. O. Phillips as D. G. Prelate:
C. C.—J. B. Messmore.
V. G.—Clyde Dove.
Treasurer—D. H. Hardy.
M. of W.—Grant Willis.
K. of R. and S.—Ralph W. Ling.
M. of F.—W. D. Willis.
M. of E.—A. T. Willey.
M. at Arms—George McCracken.
I. G.—Raymond Brown.
U. G.—F. O. Poland.

After the installation services the large hall was conferred upon one candidate and at the close of the night refreshments were served and a good social time had. At the meeting previous to this the rank of knight was conferred upon Harold Conard.

PRES. MURPHY BUYS WHEELING CENTRAL CLUB

Chicago, Jan. 18.—President Charles W. Murphy, of the Cubs, has purchased the franchise of the Wheeling (W. Va.) Club of the Central League, according to published stories there. According to the article Murphy has not only paid for the franchise, but is figuring on placing Kitty Bransfield as manager of the club.
It is understood that waivers were asked on Bransfield, former Phillis, last season a few days ago. If this is so and if Murphy has made the purchase, he could not get a more experienced man for the job. Bransfield has gone beyond the average ball player's term of life, but would undoubtedly play great ball for Wheeling. His knowledge of baseball and of young players would make him invaluable, providing, of course, the rest of the National League clubs waive on him.
Some weeks ago it was stated from Wheeling that Barney Dreyfuss, President of the Pirates, had been offered the Wheeling franchise. At the time he is said to have exclaimed that he would not buy it for private reasons of his own.

WHITMAN KEPT NORTHWEST FROM BEING TRADED

(New York Herald)
But for the foresight, it is said of a missionary this country would have "traded off" to Great Britain that immense territory that now forms two of the greatest states of the northwest—Oregon and Washington. Marcus Whitman had crossed the plains and the mountains to Oregon and knew from a year's residence the value of the country. He also knew that the Hudson Bay Company was anxious to obtain possession of the whole northwest and had circulated the report that it was impossible for emigrants to cross the mountains in wagons.
At a dinner given in 1842, at which Dr. Whitman and several of the company's chief officers were present, news was received that a band of British emigrants had crossed the mountains. Toasts were drunk in honor of the event. "Now the Americans may whistle—the country is ours!" one of the Englishmen is reported to have exclaimed jubilantly.
But Whitman thought otherwise. The next day he started for Washington on horseback. He made the journey in winter and with frozen limbs called on Daniel Webster, then secretary of state. Upon his presentation of the situation Whitman was gruffly told by Webster that the country was worthless and that he, as secretary of state was about to trade that "worthless region" for the "valuable" concessions with reference to the Newfoundland fisheries.
Finding that a treaty had already been approved by the senate and was awaiting formal ratification and proclamation by President Tyler, Dr. Whitman sought the president. When the missionary had finished his story the president said:
"Sir, your frozen limbs attest your sincerity. Can you take emigrants across the mountains in wagons?"
"Give me six months and I will take 1,000 across," answered the doctor.
"If you can take them across" added Tyler, "the treaty shall not be ratified."
In 1843 a band of emigrants under the guidance of the doctor started from Missouri for Oregon. A detachment from the Hudson Bay Company met them on the plains, advising them that it was impossible for them to cross the mountains in their wagons. The emigrants decided to leave their wagons and finish the journey on horseback.
As this course would have ruined Whitman's plan of saving the country to the United States he labored with the leaders of the band until they consented to follow the doctor's advice and guidance. The band did cross the mountains in their wagons, the treaty was not ratified, and the fertile northwest was saved to the United States.

DON'T BE UNREASONABLE

If You Neglect the Care of the Scalp You Should Not Expect Beautiful Hair.

The hair is more exposed and hence more liable to accumulate dust and dirt than any other portion of the body.
In spite of this the hair receives, as a rule, the least attention and no real effort is made to keep it healthy.

If the dandruff germ is allowed to work unmolested and the scalp becomes crusted with dirt accumulations, one may expect the hair to die and fall out. There is no cause for surprise in this phenomenon; it is natural and happens in every instance where the care of the hair and scalp is overlooked.

The one sure remedy which prevents the loss of hair and permits a healthy, luxuriant growth is found in Newbro's Herpicide.
The dandruff germ cannot live on a head to which Herpicide is regularly applied. The germ dies. The hair ceases to fall. The terrible itching stops almost instantly.
That is what Newbro's Herpicide does.

One dollar size bottles are sold and guaranteed by all druggists.
Send 10c in stamps for booklet and sample to The Herpicide Co., Dept. R., Detroit, Mich.
Applications at the good barber shops.

ZANESVILLE NEAR END OF STRING IN BASEBALL

Zanesville scribes have been working overtime for the past few days in an effort to stir up a little enthusiasm among the baseball bugs in that city.
They have advanced every theory that entered their minds to make the fans believe that a great and glorious season was in store for Zanesville in the new Central League.
If the fans only let loose of enough change to help pay Doc Carson's new \$3,000 salary.
Zanesville lacks about \$2,000 of having any money. In fact the treasury is innocent of any of the filthy lucre. The chances of the Zanesville club getting in are decidedly discouraging to the scribes. They declare that Zanesville does not want a lower class of baseball after the delicious taste of the Central League game.

ERIE OWNERS THROUGH WITH O. P. BASEBALL

Erie, Pa., Jan. 20.—The Erie Club was not represented at the Central League meeting in Grand Rapids because owners Roth and Mertens have quit baseball.
"As I have stated before, we are through with baseball," said Mr. Mertens. The franchise is for sale, and so far we have received no offers of purchase.

CARSON HANDLED \$60,000 IN CASH LAST SEASON

After having been in session from 1 to 10 p. m. Wednesday and all of Thursday Central League magnates adjourned the Grand Rapids meeting to meet in Ft. Wayne Feb. 21 to adopt a 132 game schedule and to amend the constitution and by-laws.
Committee on same will convene two days earlier in the same city. This morning magnates heard reports of auditing committee, Varnell, Horst and Redelle, who pronounced the books in excellent shape and showing President Carson to have handled \$60,000 in transacting league business of 1911. Carson will in the future devote his entire time to the league.
Resolutions adopted provide that any player whose salary is five days overdue shall report same to the president. The price of grandstand seats was fixed at 25 cents for all tickets. All holiday receipts of the league, as last year, will be pooled.

Watkins Made Marty Slide 'Round the Bases

Owner Watkins of the Springfield and Newark clubs told a story while at the Grand Rapids Central League meeting, on Marty Hogan, veteran player and manager and former pilot of the Youngstown club in the old O. P. league that will bear repeating. The action of the story happened when Hogan was playing ball for Watkins at Indianapolis.
Watkins won a game for his Indianapolis club by compelling Hogan, who was probably the fastest man on the base lines the game has ever known, to steal second, third and home on the first ball pitched. And the beautiful part about it Hogan was equal to the task.
With the score of 3 to 1 against the Indianapolis club in the sixth, Hogan came to bat with one on and no outs. He was sent up to sacrifice. He missed the first one, looking at the bench and saw the bunt sign facing him. He missed the second one, and when he looked again at the bench Watty still had the bunt sign on display.
Hogan swung at the third one and made a home-run, about the only circuit drive he has to his credit during his career on the diamond. The two runs tied the score, but when he returned to the bench he was receiving a \$25 fine for violating his instructions.
The score remained tied to the last half of the ninth and Hogan was the first up in the final round. Watty was still angry and he told Marty

ENDS STOMACH TROUBLE AND INDIGESTION

Take your sour, out-of-order stomach—maybe you call it indigestion, Dyspepsia, Gastritis, or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your Pharmacist and ask him to open a 50-cent case of Pepp's Diapiesin and let you eat one 22-grain Triangule and see if within five minutes there is left any trace of your former misery.
The correct name for your trouble is Food Fermentation—food souring. The Digestive organs become weak; there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.
If your appetite is fickle and nothing tempts you, or you belch gas, or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is just one cause—fermentation of undigested food.
Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.
Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapiesin.

NEWARK FANS SEND BID TO ZANESVILLE

Telegram Read at Baseball Meeting in Potomac Town Invites Them to Join O. S. Circuit.

At the "fan" meeting at Zanesville held last night, A. P. Rogge, hotel and restaurant proprietor, succeeded C. L. Shryock, who headed the baseball enterprise in that city in the past two years. A new directorate was named and these men will select the business and playing manager of the club. It is now settled that Joe Ruddy will no longer be manager of the Athletics. Retiring President Shryock was tendered a vote of thanks by the meeting for his conscientious effort in behalf of the baseball proposition in Zanesville during his tenure of office.
Besides President Rogge, the other officers of the organization are: Sam Lind, secretary; W. P. Sharer, treasurer. A dozen applications for the managerial position are on file with the new organization.
A sum amounting to several hundred dollars was subscribed at the meeting and subscription paper were started this morning to increase the fund to \$5,000 if possible. Just as the meeting was drawing to a close Newark fans kindled a fire with an invitation that the locals get into the Ohio State League. The message was signed "Local Newark Fans" and read as follows:
"Why not get into the Ohio State League with Newark? We want you and the two towns would draw big. While appreciating the kind spirit of the Licking county bugs, the directors declined with thanks."

The idea of a County Library is meeting with favor all over Licking county, and the proposition submitted to the County Commissioners by a committee of prominent citizens appointed at the meeting held this week, to levy 1-10 of a mill on the tax duplicate for the purpose of maintaining the library, will probably be acted upon at a regular meeting of the Commissioners to be held next Wednesday.
The statute provides that the county can levy a tax of 1-2 of a mill for this purpose. However a tax of 1-10 of a mill would provide for all the conditions asked by Mr. Carnegie for the construction of a library building. The levy of one-tenth of a mill would realize about \$8,000, which would be ample to pay the running expenses and allow between \$4,000 and \$5,000 with which to purchase books each year.
As has already been stated a county library means a library in which every one in the entire county, including the Newark school children, is interested. It means that the books will be sent into the twenty-six townships of the county, where branch libraries will be established, and also in the school districts, Newark being the distributing point. Within a year each township would handle 2,000 books, which is carrying the library into the country districts, giving the people in the country the same advantages as those living in the city.
The public library of Newark is now providing material for clubs in all the surrounding towns, for farmers' institutes and to pupils from the country districts who are attending the High school. This includes Granville, Hoboken, Jacksontown, Hanover, Clay Lick, Black Hand and St. Louisville. The proposition submitted to the Commissioners is meeting with approval from both the city and country people. The small levy that is asked will not be oppressive yet the results it will bring will be of everlasting benefit.

VARNELL BUYS AN INTEREST IN PROVIDENCE CLUB

Claude Varnell, owner of the Ft. Wayne club has practically closed his deal for a half interest in the Providence International League which was recently purchased by the Detroit American League magnates Frank Navin, president of the Detroit club, is president also of the Providence club. Hughey Jennings and Ty Cobb of the Tigers also hold shares.
Varnell will go to Providence as business manager. He refuses to make public the price he pays for his half interest. The Detroit magnates are reported to have paid \$72,000 for the Providence outfit and it is presumed that Varnell's interest will cost him in the neighborhood of \$35,000.
Bert Dennis' 10 days' option on the Ft. Wayne club is said to call for a purchase price of \$15,000. Various Ft. Wayne fans are believed to be interested with Dennis in the purchase of the Billikens.
Varnell, whose business is located at Wheeling, will continue to reside there during the winter months. In the summer he will live in Providence.

One of Varnell's last acts as a Central League magnate was to procure for President Carson an increase in salary of from \$1500 per year to \$2,000.

LITTLE BENNY'S NOTE BOOK

Wun of pops kustumirs gave him a bottle of wine and he brant it home last night, becin a black bottle of it. Affir a while the bell rang and it was Mr. Parkins to see my sistur Gladis, and pop sed to me, Do you no, my dear, this ivy really bin to hard awn that yung man, jest beaks that infinite decimil mushdash of his gets awn my nerves. I think Ill awtfer him sum of this wine, he sed.
So pop went in the parlor with the bottle and 2 glassis, saying Good evning, Mr. Parkins.
Good evning, Mr. Potts, sed Mr. Parkins, and pop sed, Id like you to try sum of this wine, its a verry fine vintidje, I bleeve.
Im verry much unbliedged, sed Mr. Parkins, looking skared, but I reely dont trust myself with anything like that, you no.
Nonsents, its mild as watter, sed pop, and he poured out 2 glassis, giving wun to Mr. Parkins and keeping wun himself.
Heeds to a lawng life and meny of them, Mr. Potts, sed Mr. Parkins, and they drank the 2 glassis, and pop sed, Well, how was it?
It was reely verry fine, sed Mr. Parkins, I onestly bleeve I cood stand anuthir, and my sistir Gladis sed, I think wun wood be enuff, farthir, and pop sed, Youd better think arw in mattir, of this kind and he poured out 2 moar glassis and Mr. Parkins went out.

Poultry—Live chickens, heavy, 12 to 12 1/2 lb.; light, 11 lb.; ducks, 13 to 15c; geese, 13 to 15c; turkeys, 17 to 18c. Dressed, 1 to 2c above live.
Apples—Unchanged.
Potatoes—Jobbing best grades, \$1.25 bu.; store, \$1.30 bu.; car lots, \$1.10; new Bermudas, \$7.75 to \$8.00 a barrel.
GETS HIGHER POST.
Indianapolis, Ind., Jan. 20.—Rev. Madison Swadener, assistant superintendent of the Indiana Anti-Saloon League, has been offered the position of Associate Superintendent of the Anti-Saloon League of America. He will accept.
FILES CURED IN 6 TO 14 DAYS.
Your druggist will refund money if PAXO OINTMENT fails to cure any case of itching, blind, bleeding or protruding Piles in 6 to 14 days. 50c.

COURT NEWS

Heavy Tax Collection.
Friday, Jan. 19, was the heaviest tax collection day in the history of Licking county. Treasurer Rutledge and several assistants were busy from the time the office opened in the morning until closing time in the evening. During the day \$17,605 were taken in for taxes on real and personal property, in addition to nearly \$1100 paid in on the Alken liquor tax, making in all nearly \$19,000. It is expected, however, that today will be the banner day.

Common Pleas Court.
In the case of Wm. S. Parks vs. the Columbus Gas & Fuel Co., submitted to the court.
William E. Swartz vs. B. & O. R. Co., motion to the petition sustained and leave to amend the petition by introduction. Leave to answer in 30 days.

Nannie McGilton vs. John C. Krieg et al., heard and submitted to the court on demurrer. This is an action brought by the plaintiff for injuries sustained in the operation of damages growing out of injuries sustained in the operation of certain machinery in connection with the laundry at the Children's Home.

In the case of the State of Ohio vs. Roy Cole, bond of Cole filed at \$1000. The defendant was indicted by the grand jury at this term for the crime of burglary.

Granted Divorce.
Leora Arthur in probate court on Saturday was granted a divorce from Merton Arthur. The plaintiff was represented by Attorney A. S. Mitchell and the defendant did not appear. The decree was granted on the ground of gross neglect of duty. The plaintiff was also restored to her maiden name of Leora Thompson.

Alken Licenses.
Additional Alken liquor tax licenses have been issued to the following named persons:
A. B. Sunderland, 13 North Fourth street.
Tom Morguin, 383 Van Voorhis street.
The Warden Hotel, 6 East Park Place.

AWAY GOES CATARRH AND BAD COLDS

Ely's Cream Balm Cures Sore Nose and Throat, Catarrhal Headaches and Colds.
No matter how bad your catarrh, how much your head aches, or how miserable you are with a cold in the head, nostrils stopped up, hawking, spitting, bad breath, you always get instant relief by using Ely's Cream Balm.
Don't let your entire system be poisoned by the deadly catarrh germ which, sooner or later causes complete decay of bone and tissue. The continual dripping of the germ infected discharge down the throat leads to catarrh of the stomach and bowels.
Get a 50 cent bottle of Ely's Cream Balm from your druggist today, and you will get relief a few minutes after using it. Your headache and cold will vanish, and in a short time you will be completely rid of catarrh. Give it to the children for colds and croup. It is perfectly harmless.

MRS. GEO. A. WILSON.
Mrs. Wilson, widow of the late George A. Wilson, died at her home, 14 North First street, Friday night at 10 o'clock, after a lingering illness due to the ailments of advanced age, she being 84 years old at the time of her death. The funeral services will be held Monday afternoon at 2:30 o'clock at Trinity Episcopal church, and interment will be made in Cedar Hill cemetery.

CHAPTER XI.

Daylight was in the thick of his spectacular and intensely bitter fight with the Coastwise Steam Navigation Company, and the Hawaiian, Nicaraguan, and Pacific-Mexican Steamship Company. He stirred up a bigger muss than he had anticipated, and even he was astounded at the wide ramifications of the struggle and at the unexpected and incongruous interests that were drawn into it. Every newspaper in San Francisco turned upon him. It was true, one or two of them had first intimated that they were open to subsidization, but Daylight's judgment was that the situation did not warrant such expenditure. Up to this time the press had been amusingly tolerant and good-naturedly sensational about him, but now he was to learn what virulent scurrilousness an antagonized press was capable of. Every episode of his life was resurrected to serve as foundations for malicious fabrications. Daylight was frankly amazed at the new interpretation put upon all that he had accomplished and the deeds he had done. From an Alaskan hero he was metamorphosed into an Alaskan bully, liar, desperado, and all-around "bad man." The whole affair sank to the deeper depths of rancor and savagery. The poor woman who had killed herself was dragged out of her grave and paraded on thousands of reams of paper as a martyr and a victim to Daylight's ferocious brutality.

He was like a big bear raiding a beehive, and, regardless of the stings, he obstinately persisted in pawing for the honey. He gritted his teeth and struck back. Beginning with a raid on two steamship companies, it developed into a pitched battle with a city, state and continental coast line. Allied with him, on a splendid salary, with princely pickings thrown in, was a lawyer, Larry Hogan, a young Irishman with a reputation to make, and whose peculiar genius had been unrecognized until Daylight had picked up with him. It was Hogan who guided Daylight through the intricacies of modern politics, labor organization, and commercial and corporation law. It was Hogan, prolific of resource and suggestion, who opened Daylight's eyes to undreamed-of possibilities in twentieth-century warfare; and it was Daylight, rejecting, accepting, and elaborating—who planned the campaigns and prosecuted them. With the Pacific coast, from Puget Sound to Panama, buzzing and humming, and with San Francisco furiously about his ears, the two big steamship companies had all the appearance of winning. It looked as if Burning Daylight was being beaten slowly to his knees. And then he struck—at the steamship companies, at San Francisco, at the whole Pacific coast.

It was not much of a blow at first. A Christian Endeavor convention was being held in San Francisco, a row was started by Express Drivers' Union No. 827 over the handling of a small heap of baggage at Ferry Building. A few heads were broken, a score of arrests made, and the baggage was delivered. No one would have guessed that behind this petty wrangle was the fine Irish hand of Hogan, made potent by the Klondike gold of Burning Daylight. It was an insignificant affair at best—or so it seemed. But the Teamsters' Union took up the quarrel, backed by the whole Water Front Federation. Step by step, the strike became involved. A refusal of cooks and waiters to serve scab teamsters or teamsters' employers brought out the cooks and waiters. The butchers and meat cutters refused to handle meat destined for unfair restaurants. The combined Employers' Associations put up a solid front, and found facing them the 40,000 organized laborers of San Francisco. The restaurant bakers and the bakery wagon drivers struck, followed by the milkers, milk drivers and chicken pickers. The building trades asserted its position in unambiguous terms, and all San Francisco was in turmoil.

But still, it was only San Francisco. Hogan's intrigues were masterly, and Daylight's campaign steadily developed. The powerful fighting organization known as the Pacific Slope Seamen's Union refused to work vessels the cargoes of which were to be handled by scab longshoremen and freight handlers. The union presented its ultimatum; and then called a strike. This had been Daylight's objective all the time. Every incoming coastwise vessel was boarded by the union officials and its crew sent ashore. And with the seamen went the firemen, the engineers and the sea cooks and waiters. Daily the number of idle steamers increased. It was impossible to get scab crews, for the men of the Seamen's Union were fighters trained in the hard school of the sea, and when they went out it meant blood and death to scabs. This phase of the strike spread up and down the entire Pacific coast, until all the ports were filled with idle ships, and sea transportation was at a standstill. The days and weeks dragged out, and the

strike held. The Coastwise Steam Navigation Company and the Hawaiian, Nicaraguan, and Pacific-Mexican Steamship Company were tied up completely. The expenses of combating the strike were tremendous, and they were earning nothing, while daily the situation went from bad to worse, until "peace at any price" became the cry. And still there was no peace, until Daylight and his allies played out their hand, raked in the winnings, and allowed a goodly portion of a continent to resume business.

Daylight's coming to civilization had not improved him. True, he wore better clothes, had learned slightly better manners, and spoke better English. But he had hardened, and at the expense of his old-time, whole-souled geniality. Even his human affiliations were descending. Playing a lone-hand, contemptuous of most of the men with whom he played, lacking in sympathy or understanding of them, and certainly independent of them, he found little in common with those to be encountered, say at the Alta-Pacific. In point of fact, when the battle with the steamship companies was at its height and his raid was inflicting incalculable damage on all business interests, he had been asked to resign from the Alta-Pacific. The idea had been rather to his liking, and he had found new quarters in clubs like the Riverside, organized and practically maintained by the city bosses.

One week-end, feeling heavy and depressed and tired of the city and its ways, he obeyed the impulse of a whim that was later to play an important part in his life. The desire to get out of the city for a whiff of country air and for a change of scene was the cause. Yet, to himself, he made the excuse of going to Glen Ellen for the purpose of inspecting a brickyard which Holdsworth had sold him. He spent the night in the little country hotel, and on Sunday morning, astride a saddle horse rented from the Glen Ellen butcher, rode out of the village. The brickyard was close at hand on the flat beside the Sonoma Creek.

Resolving to have his fun first, and to look over the brickyard afterward, he rode up the hill, prospecting for a way cross country to get to the knolls. He left the country road at the first gate he came to and cantered through a hayfield. The grain was

ing, where a dozen acres of grapes grow on wine-red soil. A cow-path, more trees and thickets, and he dropped down a hillside to the southeast exposure. Here, poised above a big forested canyon, and looking out upon Sonoma Valley, was a small farmhouse. With its barn and outhouses it snuggled into a nook in the hillside, which protected it from the west and north. It was the erosion from this hillside, he judged, that had formed the little level stretch of vegetable garden. The soil was fat and black, and there was water in plenty, for he saw several faucets running wide open. Forgotten was the brickyard. Nobody was at home, but Daylight dismounted and ranged the vegetable garden, eating strawberries and green peas, inspecting the old adobe barn and rusty plow and harrow, and rolling and smoking cigarettes while he watched the antics of several broods of young chicks and the mother hens.

Nothing could satisfy his holiday spirit now but the ascent of Sonoma Mountain. And here on the crest, three hours afterward, he emerged, tired and sweaty, garments torn and face and hands scratched, but with sparkling eyes and an unwonted zestfulness of expression. He felt the illicit pleasure of a schoolboy playing truant. The big gaming table of San Francisco seemed very far away. But there was more than illicit pleasure in his mood. It was as though he were going through a sort of cleansing bath. No room here for all the sordidness, meanness and viciousness that filled the dirty pool of city existence. He was loath to depart, and it was not for an hour that he was able to tear himself away and take the descent of the mountain. Working out a new route just for the fun of it, late afternoon was upon him when he arrived back at the wooded knolls.

Daylight cast about for a trail, and found one leading down the side opposite to his ascent. Circling with the base of the knoll, he picked up with his horse and rode on to the farmhouse. Smoke was rising from the chimney, and he was quickly in conversation with a nervous, slender young man, who, he learned, was only a tenant on the ranch. How large was it? A matter of one hundred and eighty acres, though it seemed much larger. This was because it was so irregularly shaped. Yes, it included the clay-pit and all the knolls, and its boundary that ran along the big canyon was over a mile long. Oh, yes, he and his wife managed to scratch

A Sudden Envy of This Young Fellow Came Over Daylight.

a living without working too hard. They didn't have to pay much rent. Hillard, the owner, depended on the income from the clay-pit. Hillard was well off and had big ranches and vineyards down on the flat of the valley. The brickyard paid ten cents a cubic yard for the clay. As for the rest of the ranch, the land was good in patches, where it was cleared, like the vegetable garden and the vineyard, but the rest of it was too much up-and-down.

"You're not a farmer," Daylight said. The young man laughed and shook his head. "No, I'm a telegraph operator. But the wife and I decided to take a two-years' vacation, and here we are. But the time's about up. I'm going back into the office this fall after I get the grapes-off."

As Daylight listened, there came to him a sudden envy of this young fellow living right in the midst of all this which Daylight had traveled through the last few hours.

"What in thunder are you going back to the telegraph office for?" he demanded.

"Because we can't get ahead here. (He hesitated an instant). "and because there are added expenses coming. The rent, small as it is, counts; and besides, I'm not strong enough to effectually farm the place. If I owned it, or if I were a real husky like you, I'd ask nothing better. Nor would the wife." Again the wistful smile hovered on his face. "You see, we're country born, and after bucking with cities for a few years, we kind of feel we like the country best. We've planned to get ahead, though, and then some day we'll buy a patch of land and stay with it."

Daylight could not persuade himself to keep to the traveled roads that day, and another cut across country to Glen Ellen brought him upon a canyon that so blocked his way that he was glad to follow a friendly cow-path. This led him to a small frame cabin. The doors and windows were open, and a cat was nursing a litter of kittens in the doorway, but no one

was at home. He descended the trail that evidently crossed the canyon. Part way down, he met an old man coming up through the sunset. In his hand he carried a pail of foamy milk. He wore no hat, and in his face, framed with snow-white hair and beard, was the ruddy glow and content of the passing summer day. Daylight thought that he had never seen so contented looking a being.

"How old are you, daddy?" he queried. "Eighty-four," was the reply. "Yes, sirree, eighty-four, and spryer than most."

"You must 'a' taken good care of yourself," Daylight suggested.

"I don't know about that. I ain't loaded none. I walked across the plains with an ox team and St. Injuns in '51, and I was a family man with seven youngsters. I reckon I was as old then as you are now, or pretty nigh on it."

"Don't you find it lonely here?" The old man shifted the pail of milk and reflected.

"That all depends," he said oracularly. "I ain't never been lonely except when the old wife died. Some fellers are lonely in a crowd, and I'm one of them. That's the only time I'm lonely, is when I go to 'Frisco. But I don't go no more, thank you 'most to death. This is good-enough for me. I've been right here in this valley since '54—one of the first settlers after the Spaniards."

The old man chuckled, and Daylight rode on, singularly at peace with himself and all the world. It seemed that the old contentment of trail and camp had come back to him. He could not shake from his eyes the picture of the old pioneer coming up the trail through the sunset light. He was certainly going some for eighty-four. The thought of following his example entered Daylight's mind, but the big game of San Francisco vetoed the idea.

(To Be Continued.)

COLDS VANISH

The Sensible Over-the-Counter Remedy for Colds and Coughs.

After you have upset your stomach with pills, powders and vile nostrums, and still retain possession of that terrible cold, do what thousands of sensible people are doing. Do this:

Into a bowl three quarters full of boiling water pour a scant teaspoonful of HYOMEI (pronounce it High-ome) cover head and bowl with a towel and breathe for five minutes the soothing, healing vapor that arises.

Then go to bed and awake with a clear head in the morning. HYOMEI does not contain opium, cocaine or any harmful drug. A bottle of HYOMEI inhalant costs 50 cents at Evans' Drug Store, and druggists everywhere. Guaranteed for catarrh, asthma, croup and catarrhal deafness.

OUT OF THE GINGER JAR.

Is a blow from a kicking cow a real milk punch?

Marriage vows are too often followed by marriage rows.

Everybody has to hustle; even the egg is compelled to scramble, sometimes.

Those who rise early in the morning are the more likely to rise above their troubles.

Men are like hens, the harder they have to scratch for a living, the more useful they become.

The physiologists tell us that we have five senses, and yet some folks act as if they had none.

February, it is true, is a little short, but it is likely to pull through without bankrupting March.

While waiting for something to turn up, it were better to get the plow ready for turning something up.—February Farm Journal.

STEAMER SWEEP DOWN THE LICKING

Cincinnati, Jan. 20.—The steamer City of Cincinnati, one of the largest passenger boats on the Ohio river, was swept from the harbor in the Licking river today, opposite this city, when the ice gorge broke.

Success is due to an ability to transform a stumbling block into a stepping stone.

HEALTHY MOTHERS

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly helpful to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores.

Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

PRIVATE DANCE

HALL OPENED IN

ARCADE ANNEX

Motz & Davis, lessees of the Arcade Dancing Academy, threw open the private dancing hall of the academy Friday evening for the first

time, when a number of young ladies gave a leap year dance.

The hall is a spacious one, is well heated and lighted and the floor is pronounced one of the best imaginable for dancing. The lessees state that it is the only private dancing hall in the city and they will be ready to accommodate parties desiring to rent it for social dancing purposes.

Columbus Y. M. C. A. Vs. Newark "Y" Jan. 24

The Newark "Y" Basketball team will play their tenth game of the present season when they play the speedy Columbus "Y" team next Wednesday night at Hickory's hall. This game will be called at 8 o'clock sharp and Lee will referee.

On Monday night the team will have their last practice before this game, and all players are requested to be at the Y. M. C. A. by 7:15. The team is rounding into fine shape for their game with the Buffalo Germans, Feb. 13. Look what it means to Newark as well as the team if they can defeat the world's champions. The tickets for this game are on sale, so get yours early.

\$100 PER PLATE. Was paid at a banquet to Henry Clay in New Orleans in 1842. Mighty costly for those with stomach trouble or indigestion. Today people everywhere use Dr. King's New Life Pills for these troubles as well as liver, kidney and bowel disorders. Easy, safe, sure. Only 25 cents at F. D. Hall's.

Look over the Wants tonight.

AMUSEMENTS

Press Agent Says:

"The Chocolate Soldier" Tonight. Of all the lighter works of the European composers that have come across the water to amuse and entertain American audiences, none has reaped a success in any degree comparable to that of "The Chocolate Soldier," the exquisite Viennese opera by Oscar Strauss based upon Bernard Shaw's comedy of war and romance in Bulgaria, "Arms and the Man." Its exuberant melodies, radiant with freshness and beauty, lend harmony to a story told amid a score of delightful comic situations, and peopled with the charming contradictory human types that Bernard Shaw draws with unerring pen.

The coming of "The Chocolate Soldier" to this city is set for tonight. Mr. Whitney has given a new grace and elegance to the production this season by the construction of new scenery and by duplicating the costumes throughout, in order to maintain the high standard of excellence which has for years been associated with a Whitney production.

The last word in summing up the features of Mr. Whitney's third season of "The Chocolate Soldier" is a mention of the special orchestra of plucked musicians engaged to negotiate Strauss' music. And as an "added feature" a roster of the artists is hereby given: Frances Howell, Emma Loomis, Lotta Gale, Roy Purviance, J. Russell Powell, Olive Randolph, Nelson Riley, J. R. McDonough and George Ogle, not to mention a chorus that can sing as well as look the part.

Henrietta Crossman. Henrietta Crossman, the talented actress, who has made such wonderful impression with her newest vehicle, "The Real Thing," goes in strongly for Athletics, and the golf, tennis and riding accomplishments are first and foremost to receive attention when the actress is on tour. The little lady with the sprightly manners on the stage loses no time in getting close to nature upon her arrival in any city, and the fact that she is in constant receipt of invitations to the country clubs in various towns, makes the indulgence in athletics simple.

"Alma, Where Do You Live." The name of Joe Weber has for years been a trademark for clean, bright musical comedy, and the patrons of the Auditorium will be fortunate in another opportunity to witness one of his productions on Tuesday next when "Alma, Where Do You Live?" a musical farce by George V. Hobart from the original of Paul Herve and Jean Briquet will be presented for an engagement.

Mr. Briquet's music is usually contagious and the principal number from which the piece gets its title is as catchy as anyone's heard in New York in the last decade.

Besides being a successful musical entertainment, the plot of "Alma" is of certain dramatic consistency and offers an unusual chance for clever comedy, as well as a touch of something akin to romanticism. The unsophisticated country youth, who is to inherit four million francs if he does not propose to a woman before he is twenty-one, and the relative scheming for his inheritance to appear, that they may profit by his love making, give the basis for the intellectual plot.

The cast will include Nina Collins, William Friend, George M. Bogues, Count De Vasse, Stephen N. Stott, Abbott Adams, John Martin, Maud P. Terrill, Violet Jewell, Marie Annis and Louis M. Blake.

"THE POOR DEVILS." "Marriage is lottery enough without cheating the poor devil out of his just dues, once you've got him in your clutches."

The above remark of the "widow" in "The Real Thing," Henrietta Crossman's great New York success from the Maxine Elliott Theatre, which will be seen here next week, shows that some women believe in giving the man a square deal.

THE ORPHEUM.

From all reports, another excellent bill is booked to play the city Arcade theatre the first three days of next week. One of the classic spectacular acts seen in the Orpheum will be presented by the Salammbas. Theirs is a marvelous electrical novelty, full of wonderful experiments and mystifying features. It is said to be the cleverest and best dressed and most instructing entertainment imaginable.

These people come to Newark direct from the Keith circuit, where they have been one of the most talked of acts on the road. Now if you like the beautiful, marvelous and instructive, don't miss the Salammbas. Hurst and Kealey will present a singing and dancing act that is well liked everywhere and said to be more than pleasing. Their work is all new and original and well worth a year while. Weston and Lorain have a very novel turn that is up-to-the-minute in every respect and full of many clever surprises.

Another treat will be presented by Robert Wingate, the champion bone soloist of the world. He has long held that honor and now he is coming to show you how he has won and kept his well deserved title. The Orpheumscope will have a new licensed film.

WILL GIVE \$500 TO SICK OF NEWARK AND VICINITY

Indiana Scientist Who Originated the Now Famous "Home Treatment" Offers \$100 Treatment Free to Sick and Ailing.

In order that every reader of the Advocate who needs treatment may have opportunity to test this celebrated medicine, the now famous Indiana scientist has come to the front with an offer to give absolutely free a full size \$1.00 package to five selected persons to prove the wonderful claims which have been made for it. In making this offer the scientist said: "I know that there are many people who have been suffering for years with some chronic disease and many of them have spent large sums of money seeking a cure. I know that these people hesitate about investing money in medicine because they have despaired of ever getting well. Thousands have told me that story and many thousands of the same people have stood me at the door, not trusting me. I want to show these despairing people that all the newspapers talk about my treatment is absolutely true. I want to prove to a limited number—no matter what the disease, no matter how long they may have suffered, no matter how blue and discouraged—that my treatment really and actually does accomplish the wonderful results that have been reported."

Any reader of the Advocate who will try this extraordinary medicine that has created so much excitement by the cures can obtain absolutely free a full \$1.00 treatment by simply filling in the coupon below or writing a letter describing their case in their own words, if they prefer, and mailing it today to James W. King, Fort Wayne, Indiana. No money need be sent and no charge of any kind will be made.

As this offer is limited, you should write at once, in order to be sure to receive your free treatment.

Dr. Jas. W. King, Ft. Wayne, Ind.

Please send me a Full \$1.00 Course of Treatment for my case, free and postage paid, just as you promise.

cury visible.

HEALTH HINT FOR TODAY.

Bathroom Must Be Clean.
Bathrooms must be clean. To
turn on the light is the surest
way to get things cleaned. Again,
while tiled floors, hard finished
walls and enameled tubs are de-
sirable in a toilet room with out-
side windows, they are doubly so
when the room has no out-
side light. Whenever standards
are lowered in one direction
there must be a compensating
rise in others. The average must
be maintained.

ADVOCATE'S MANY CONGRATULATIONS

It would be ungrateful on the part
of the Advocate not to acknowledge
the many congratulations that have
been showered upon the office since
last Wednesday. The Advocate's
only motive has been and is to pro-
tect and promote the good name of
Newark on all occasions, for that
means the city's progress in every
industrial channel, its further en-
largement as a business center, and
the enhancement of the values and
interests of every property owner.

No man in America knows better
than Andrew Carnegie whether a tariff
duty on iron and steel is needed for
the protection of iron and steel man-
ufacturers. He stands unequivocal-
ly by his opinion, expressed nearly
ten years ago, that American steel-
makers are able successfully to com-
pete with other steelmakers the world
over. How much longer are Ameri-
can steel consumers to be robbed un-
der the shelter of odious and needless
protective duties?

High Protectionists are coming out
for Mr. Roosevelt and are becoming
more bold about it. High finance is
not so likely to come out until it is
smoked out.

Rheumatism

Is A Constitutional Disease.
It manifests itself in local aches and
pains—inflamed joints and stiff mus-
cles—but it cannot be cured by local
applications.
It requires constitutional treatment,
and the best is a course of the great
blood purifying and tonic medicine
Hood's Sarsaparilla
which corrects the acid condition of
the blood and builds up the system.
Get it today in usual liquid form or
chocolate tablets called **Sarsatabs**.

DESTRUCTION OF BUSINESS CONFIDENCE

The pathetic appeals of the Taft
administration to the people to take
measures to restore business confi-
dence, calls to mind the standard
Republican hobby that for years was
the cry to keep that party in power.
The Democratic party is "destroying
business confidence" was the slogan of
the Republican leaders for years. It
was the deception by which the Re-
publican party kept itself in power
for at least a quarter of a century.
But now when the party has been in
power so many consecutive years, and
the country's business is actually be-
coming panicky, these same old party
leaders are appealing in the most
pathetic manner for help to restore
the "business confidence" that they
themselves have utterly failed to
maintain.

Would it not be honest and fair for
these same Republican leaders to
frankly confess that they slandered
the Democratic party all these years
when they said it was opposed to
prosperity?

And when the Republican leaders
themselves are the party responsible
for the destruction of business confi-
dence, is it not high time for the
people to hurl them from power, and
save both the country's honor and
business?

A hint of intervention on the part
of the United States will be sufficient
to put an end to the bickering of
Cuban patriots who really desire to
maintain the present status of inde-
pendent government. But there is
undoubtedly a disaffected element of
the population who would prefer
American control as a guarantee of fu-
ture stability. Intervention has no
terrors for prospective investors who
desire to develop the resources of the
island.

Few people realize what possibili-
ties there are to achieve beneficent
results to the people in the work that
State Dairy and Food Commissioner
Strode is doing. The Commissioner is
doing for Ohio people what United
States Chemist Wiley is doing to en-
force the pure food and drug laws in
the nation at large. Those who cheat
with false scales and measures are be-
ing prosecuted more vigorously than
ever before.

MR. ASHBROOK IN FLORIDA.
Washington, Jan. 20.—Congress-
man Wm. A. Ashbrook of Ohio,
chairman of the committee on ex-
penditures in the postoffice depart-
ment, has just left on an eight-day
trip to Florida with a congressional
party.

SOLICITORS ARE DECLARED IMPOSTERS

Solicitors are going through the
country representing that they are
members of the Salvation Army. The
captain of the local corps informs the
Advocate that the Army has no coun-
cilors at work and warns prop-
erty owners not to be deceived. If he can
trace of the parties they will be pro-
secuted.

Dr. A. A. Thomen, Specialist

Who has been visiting Newark for
some years will make his regular
monthly visit Jan. 25th, Thursday at
Warden Hotel. A free consultation
and examination will be given to all.
Do not neglect this opportunity to con-
sult this eminent specialist. It will
be of the greatest value to you.

WHAT WE LIKE TO KNOW

CAPITAL LETTERS AND PUNCTUATION.
Capital letters were in use for many
centuries before the invention of small
letters. The oldest manuscripts date
as far back as the third century and
are written entirely in capitals and
without spacing between the words or
marks of punctuation. The introduc-
tion of small letters took place about
the seventh century, but for some time
afterward the capitals were used
much more liberally than they are at
the present time.

A punctuation, considered as a word is
derived from the Latin punctum, a
point, and was unknown to the an-
cient Greeks and Romans. It was in-
vented by the Alexandrian scholar

Frank Douce was a Columbus visitor
on Friday.

Vernon Redding of Mansfield spent
Friday in Newark.

Lewis P. Schaafs of Columbus was
in town last night.

Miss Grace Egan spent Friday with
friends in Zanesville.

Dr. W. J. Jackson spent Friday in
Columbus on business.

Charles Rider is ill with typhoid fe-
ver at his home in Hudson avenue.

W. W. Gard spent Friday in Colum-
bus looking after business matters.

Mrs. Margaret Ankele Boyd is slow-
ly improving after a severe attack of
grippe.

Mrs. C. W. Scott of N. Fourth
street, was a visitor in Zanesville this
week.

Mrs. Ray Keulick of this city has
returned home after a pleasant visit
with friends in Lima.

Wm. B. Beall, one of the pioneers
of the country, is seriously ill at his
home in West Locust street.

W. H. Mazey, head of the new dry
goods firm, The W. H. Mazey Com-
pany, is in Cleveland today.

Mrs. Catherine Palmer, who has
been quite ill at her home in Wilson
street, is slowly improving.

Frank Schwok and family have re-
turned home from a most delightful
trip of four weeks at Brooklyn and
New York City.

Mrs. J. S. Spedden leaves tonight
for a two-months' visit with her
mother, Mrs. John W. Scott of Mc-
Keesport, Pa.

Miss Grace Worth left today for
Bucyrus, where she will be the guest
of Miss Ethel Fallon of North Sand-
usky avenue.

George Avey, formerly of this
city, has returned from Washington,
D. C., where he was employed in the
census department.

Mrs. John Hughes, who has been
ill at her home in Buena Vista St.
for the past two months, was out
for the first time this week.

Mrs. Ray Boring, who was called
to Newark by the death of her father,
David Avey, returned Saturday
to her home in Baltimore, Md.

Raymond Gundy, who has been
confined to his home in N. Fourth
street for several months with an in-
jury to his left leg, is improving
nicely.

Mrs. Clara Moore of North Fourth
street, who fell and fractured her
collar bone about two months ago,
is not improving as rapidly as her
friends would wish.

ECZEMA

(Also Called Tetter, Salt Rheum, Prur-
itus, Itch, etc.)

ECZEMA CAN BE CURED TO STAY
and when I say cured, I mean just
what I say—CURED TO STAY, and not mere-
ly patched up for awhile. I mean to
cure you before. Remember I make
this broad statement after putting ten
years of my life into this one disease,
and handling in the mean-time a quar-
ter of a million cases of this dreadful
disease. I do not care what all
you have used, nor how many doctors
have told you that you could not be
cured—all I want is just a chance to
show you that I know what I am talk-
ing about. If you will write me TO-
DAY I will send you a FREE TRIAL
of my mild soothing guaranteed cure
that will convince you more in a day
than any other else could in a month's
time. If you are disgusted and dis-
couraged, I dare you to give me a
chance to prove my claims. By writing
me to-day you will enjoy more com-
fort than you have ever thought this
world holds for you. Just try it and
you will see I am telling you the truth.
Dr. J. E. Canaday, 421 Park Square
Seattle, Mo. References: Third Na-
tional Bank, Seattle, Mo. Could I
be a better act than to send this notice
to some poor sufferer of Eczema?

SUN READY TO STEP ASIDE FOR YUAN SHI KAI

San Francisco, Jan. 20.—Dr. Sun Yat-
sen has announced that he is willing
to withdraw from the presidency of the
Republic in favor of Yuan Shi Kai, ac-
cording to a cablegram received here
today. The cable said President Sun
would step aside immediately after the
abdication of the throne by the Man-
chu dynasty.

Read the Want Columns tonight.

BAR ASSOCIATION WAS ADDRESSED BY SEN. ELIHU ROOT

New York, Jan. 20.—Senator Elihu
Root in an address here last evening
staunchly defended both the state and
federal courts of the country and de-
nounced the principle underlying the
recall of judges. The Senator, as
president of the New York State Bar
Association spoke at the annual meet-
ing of that organization. His theme
was "Judicial Decisions and Public
Feeling."

Speaking of the increasing tendency
among Americans towards impatience
with the courts whenever judicial de-
cisions do not agree with their wishes
Senator Root said the provisions for
the recall of judges already adopted
in some states and widely advocated
in others, are an exhibition of this im-
patience and a demand for more un-
checked opportunity to make the
judges feel its effects.

With these tendencies the speaker
declared he had no sympathy. "A
sovereign people," said he, "which de-
clares that all men have certain in-
alienable rights, and imposes upon
itself the great impersonal rules of
conduct deemed necessary for the
preservation of those rights, and at
the same time declares that it will
disregard those rules whenever, in any
particular case, it is the wish of a
majority of its voters to do so, estab-
lishes a complete contradiction of
the fundamental principles of our
government as it is possible to con-
ceive. It abandons absolutely the
conception of a justice which is above
majorities, of a right in the weak
which the strong are bound to respect.

It denies the vital truth taught by re-
ligion and realized in the hard expe-
rience of mankind and which has in-
spired every constitution America has
produced and every great declaration
for human freedom since Magna Char-
ta—the truth that human nature
needs to distrust its own impulses
and passions and to establish for its
own control the restraining and guid-
ing influence of declared principles of
action."

After stating that upon "the preser-
vation of the law as it is at every
moment in its course of continuous
change and development" depend the
preservation of order and the perpetu-
ity of free institutions Senator Root
said:

"If this view is to be changed and
the decisions of our courts are to be
considered in the same way and upon
the same basis as with the recall of
judges, and with no greater respect
for authority than in the case of political
opinions, the authority of the courts
will inevitably decline, the independence
of the judicial branch will cease, judi-
cial decisions will interpret the law
always to suit the majority of the moment,
and the recall will be the natural and
logical expression of the relation be-
ing assumed between the people and
the courts."

The cause of this impatience, said
Senator Root, does not arise from any
deterioration in the character of the
judges and he stated it as his belief
that there never had been a time
when the favor of the rich or of men
powerful in social or business affairs
played so small a part in determining
the selection of judges. Admitting
technicalities and delays which impede
the course of justice, the speaker
thought the courts less responsible
for these shortcomings than the bar
and justly so inasmuch as the bar
makes up a great part of all the legis-
latures and is responsible for the
stupid and mischievous legislation re-
garding procedure which hampers the
courts in their efforts to do justice."

"It is the bar," he continued, "which
knowing all the facts and familiar
with all the evils, insists upon the
continuance of our methods to pro-
tect the immunity of criminals and
the hindrance of justice to the point
of denial."

When the speaker had outlined the
new conditions that confront the
country incident to the extraordinary
industrial development of the last half
century and which demand the read-
justment of relations between great
bodies of men, and the establishment
of new legal rights not contemplated
when existing laws were passed or ex-
isting limitations upon the powers of
government were prescribed in the
constitution, he declared that the re-
adjustment must of necessity be a
gradual process.

"Ultimately," said he, "step by step,
through the ordinary processes of
self government, through investiga-
tion, education, the spread of true un-
derstanding of facts and full discus-
sion, the process of readjustment is
being worked out and will be worked
out to conform to the mature, in-
structed, considerate judgment of the
self-governing people of the country."

Turning to the problem of the ap-
plication of the law, Senator Root re-
minded his hearers that the judge is
always confined within the narrow
limits of reasonable interpretation
and said: "It is not his function or
within his power to enlarge, or im-
prove, or change the law. His duty
is to maintain it, to enforce it,
whether it be good or bad, wise or
foolish, accordant with sound or un-
sound economic policy. It is very im-
portant to have reformers and advo-
cates of all good causes and thought-
ful and public spirited citizens who
are keenly alive to the defects of our
system of laws and solicitous to find
means to cure them. But the courts
are excluded, by virtue of the special
law imposed upon them, from play-
ing any of those parts. Their duty
is to maintain and enforce the law as
it is at the moment, to interpret it in
sincerity and truth under the sanc-
tion of their oaths and in the spirit of
justice, to accept loyally every change
made in it by the law-making power,
but to stand firmly against any at-
tempt to ignore it or nullify it except
by the legitimate action of the pop-
ular sovereign in its making of
statutes in conformity to the consti-
tution. If a community is not satis-
fied with a law as it is declared by
the court to be, the thing really desir-
able is not to coerce or reconstruct a
court to say that the law is what it is

not, but to make the law what the
community wishes it to be."

Senator Root emphasized the fact
that a fundamental idea of this gov-
ernment is that all the officers to
whom the people whether of the na-
tion or of the state, entrust the pow-
ers of government shall be subject to
certain definite prescribed limitations
upon their power. A second and
equally necessary feature of this gov-
ernment system is that these limita-
tions, both of those who attribute of-
ficial powers and those which declare
the great rules of conduct, must be
prescribed impersonally rather than
with reference to particular cases or
particular exigencies or particular in-
dividuals. A third feature of the
system, which is a necessary corollary
to the other two and essential to them
is the vesting of power in the judicial
branch to determine when the action
of the legislative and executive
branches or any officer of them over-
steps the limitations which have been
prescribed.

"If the people of our country," con-
tinued the speaker, "yield to the
impatience which would destroy the
system that alone makes effective
these great impersonal rules and pro-
serves our constitutional government,
rather than endure the temporary in-
convenience of pursuing regulated
methods of changing the law, we shall
not be reforming, we shall not be
improving progress, but we shall be ex-
hibiting the weakness which thought-
ful friends of free government the
world over have always feared the
most—the lack of that self-control
which enables great bodies of men to
abide the slow processes of orderly
government rather than to break down
the barrier of order when they ob-
struct the impulse of the moment."

APPRECIATION IS EXPRESSED BY THE KING'S DAUGHTERS

County Union Thanks Loyal Men and
Women Who Assisted in Dis-
posing of Red Cross Seals.

The County Union of The King's
Daughters wish by this means to ex-
press their appreciation and gratitude
to the many friends who recently
aided in the distribution and sale
of the Red Cross Christmas seals.
That their efforts have been highly
successful is evidenced by the fact that
the number of seals sold during the
holiday season of 1911, was 17,796, as
contrasted with 2,384 sold in Newark
a year ago.

The request of the Ohio Society
for the Prevention of Tuberculosis, the
sale was this year for the first time
put in charge of the County Union of
The King's Daughters, including circles
in Newark, Utica and Granville.
Great credit is due to chairman of
the committee, Mrs. Eugene F. Ball,
to whose untiring efforts much of our
success is due. Personal mention
must also be made of the help given
by Miss Alice Ashbrooke, Miss Eliza-
beth Felix, and Mrs. Edwin A. Ottman
of Utica.

Through the kindness of Newark
merchants and other citizens, seals
were placed on sale in many of the
stores, also in the Advocate and Ameri-
can-Tribune offices, the postoffice,
City Library and at several church
bazaars. Through the courtesy of
Mr. C. H. Spencer, president of the
Board of Trade, 500 seals were sold at
the annual meeting of the Board. Es-
pecial thanks are also due Mr. W. H.
Davis of the Licking Creamery Co.,
The Wehrle Co., Mr. A. H. Heisey,
Mr. E. Besuden of the Jewett Car Co.,
and Mr. George Heisey, whose gener-
ous purchases and interest contributed
largely to our success. The Meyer &
Lindorf, Griggs & Co., and Carroll
dry goods stores offered many courtes-
ies to the young women in charge of
their sales.

To all these and many others our
appreciation is expressed, not only on
our own account, but also in behalf
of Robert C. Peterson, executive sec-
retary of the Ohio Society for the
Prevention of Tuberculosis and S.
Livingston Mather, chairman of the
State Red Cross seal committee.
These have requested this public rec-
ognition and appreciation of the help
offered to their great work by the
citizens of Newark.

CLARA L. MAC DONALD,
Chairman of the County Union of The
King's Daughters.

PILES DISAPPEAR

So Does Eczema, Salt Rheum, Ulcers,
Old Sores and Carbuncles

Under the influence of San Cura
Ointment surprising cures are made
so quickly that they seem like mir-
acles.

Stubbish cases of piles like those
of Rev. W. F. Gilbert of Titusville,
Pa., vanish before the marvelous an-
tiseptic Ointment. Mr. Gilbert writes:
"For twenty years I suffered with
bleeding and itching piles; at times I
was confined to the house for more
than a month. Two years ago I be-
gan using San Cura Ointment and
one 50c jar made a firm and perma-
nent cure. I have not been troubled
since."

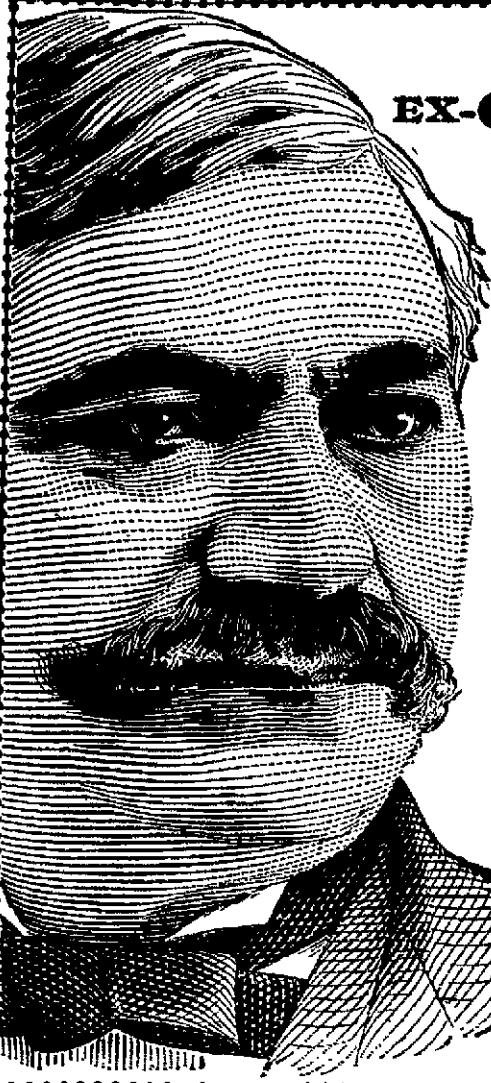

San Cura Ointment is guaranteed
by Erman & Son, who are the agents
in Newark to cure any of the above
named diseases or money back. It
instantly kills all pain from burns,
cuts and bruises, draws out the poi-
son and heals in a short time. 25
cents and 50 cents a jar at Erman &
Son's.

GOOD BABY SOAP.
San Cura is a healing and antiseptic
soap. Just the soothing kind that
baby needs. It frees the pores from
all impurities and prevents fevers,
rashes and other infantile diseases.
Best for anyone's skin, cures pimples
and blackheads, cleans the complexion.
25 cents a large cake at Erman
& Son's.

Mail orders for San Cura Oint-
ment and Soap filled by Thompson
Medical Co., Titusville, Pa.

The people who are judged by ap-
pearances are mostly those who are
caught with the goods.

HAD CATARRH THIRTY YEARS.

EX-Congressman

**Meekison
Gives
Praise
To
Pe-ru-na
For
His
Relief
From
Catarrh.**

EX-CONGRESSMAN MEEKISON COMMENTS PE-RU-NA.

"I have tried several bottles of Peru-na and I feel greatly benefi-
tated thereby from my catarrh of the head. I feel encouraged to be-
lieve that if I use it a short time longer I will be able to
eradicate the disease of thirty years' standing."—David Meekison.

PERUNA RESTORED HEALTH.

Mr. C. N. Peterson, 132 South Main St., Council Bluffs, Iowa, writes:
"I cannot tell you how much good Peru-na has done for me. Constant
confinement in my store began to tell on my health, and I felt that I was
gradually breaking down. I tried several remedies, but obtained no
permanent relief until I took Peru-na. I felt better immediately, and 5
bottles restored me to complete health."

A SINCERE RECOMMENDATION.

Mr. D. C. Prosser, R. R. 6, Shelby, Oceana county, Michigan, writes:
"Two years ago, I was badly afflicted with catarrh of the stomach. I had
had a run of typhoid fever, was very depleted. I could find nothing I
could eat without causing distress and sour stomach. Finally I came to
the conclusion that I had catarrh of the stomach and seeing Peru-na ad-
vertised, began to take it. It helped me soon, and after taking three or
four bottles I was entirely cured of stomach trouble and can now eat
anything."

THE NEW WAY.

(New York Press.)
Do not rock the baby.
Tie it down instead
On a hard level
Sanitary bed.
Rocking makes it nervous,
Agitates its spine,
And disturbs its tissues,
Delicate and fine.
Do not swing the baby
In your arms unless
To its solar plexus
You would bring distress.
Do not fondle baby;
It is very bad;
If a boy, 'twill grow up
To become a cad.
Do not sing to baby
Silly lullabies.
Warble to it something
That will make it wise;
Emerson or Browning
Baby's case just suits.
Hum good essays to it,
Cut out Tootsie Toots.

A Hero in a Light-House.

For years, J. S. Donahue, So. Ha-
ven, Mich., a civil war captain, as a
light-house keeper averted awful
wrecks, but a queer fact is, he might
have been a wreck, himself if Blec-
trie Bitters had not prevented.
"They cured me of kidney trouble
and chills," he writes, "after I had
taken other so-called cures for years,
without benefit and they also im-
proved my sight. Now, at seventy, I
am feeling fine." For dyspepsia, in-
digestion, all stomach, liver and kid-
ney troubles, they're without equal.
Try them. Only 50 cts at F. D. Hall.

SOCIETY

A surprise party was given by Mrs. Harry Collins at her home in Elmwood avenue on January 18th in honor of her sister, Miss Atta Miller's birthday anniversary. The affair was a complete success.

A delicious luncheon was served to the following guests: Misses Helen Africa, Nellie Harris, Louise Schiffer, Emma Cornell, Mattie Moran, Almita Drum, Mildred Rhoads, Louise Africa, Abba Miller, Louie Moran and the hostess.

On Wednesday evening a crowd of young people enjoyed a sleighing party to five miles east of town. After a late hour all returned to their homes, having had a delightful time. The evening was spent in the old fashioned country dances.

The following were in the party: Misses Nellie Hill, Catherine Schopart, Frances Oberfeld, Louise Riechert, Aubail Harris, Clara Fleming, Hilda Oberfeld, Mabel Hughes, Louise Williams, Myrtle Larabee, and Mrs. J. A. Hill, Mr. and Mrs. Larabee, Messrs. Paul Greig, Howard Anderson, Daniel Jones, Carl Simpson, Edward Jones, Paul Miller, Jack Evans, John B. Oberfeld, Omar Patterson, Charles Linn, Calvin Williams, William Capman.

The Wednesday Afternoon Sewing and Reading club met with Mrs. S. Windleton at her home in East Main street on the regular club day. The afternoon was pleasantly spent in general conversation and sewing after which the hostess served a very appetizing luncheon. The next meeting will be January 31st at the home of Mrs. Lee Flemming in East Main street.

An engagement which will be noted with interest by Newark people is that of Miss Florence Huddle of Mt. Vernon to Mr. Thomas Clark of Philadelphia. The bride-to-be is a graduate of the Mt. Vernon high school and Mr. Clark is superintendent of the Hanover Oil and Gas company. He is a member of the Delta Sigma fraternity of Haverford school and of the Kappa Delta Omega fraternity of Haverford college. The marriage will be solemnized in the early spring.

The Harmonious club met at the home of Mrs. Charles Whitehead in

West Church street. The hours were devoted to sewing and a delicious two course luncheon was served. The next meeting will be with Mrs. George Bowers in East Main street.

The members of the L. C. B. A. held a business meeting at the home of Mrs. Jerry Roach in Elmwood avenue on Friday evening. A large membership was present.

A musicale under the auspices of the Trinity Guild of the Trinity Episcopal church will be given at the home of Miss Alma Hilliard, 128 West Church street on Friday evening, January 26, at 8 o'clock. A silver offering will be received at the door and the public is cordially invited to attend. The following is the program which has been prepared:

Duet, "Faust Ballet" (Mass)—Miss Hirschberg, Miss Hilliard.
Songs, a "When Love is Gone" (Lawley); b, "Rosary" (King)—Miss Barriack.

Pianoforte, "Rhapsodie Hongroise No. 13" (Liszt)—Miss Hirschberg.
Duet, "Love Divine" (Strainer)—Miss G. H. Massey, Mr. J. W. Horner.

Pianoforte, "Spinning Wheel" (Splinter)—Miss Mabel Hill.
Songs, a, "Without Thee" (Harde- lot); b, "Summer" (Chaminade)—Mrs. Chandler-Tucker.

Duet, "Hungary" (Moszkowski)—Miss Hirschberg, Miss Hilliard.
Song, "Air de Salome" (Messervo)—Miss G. H. Massey.

Pianoforte, a, "Valse a flat major" (Chopin); b, "Fantasie C-Sharp Minor" (Chopin)—Miss Hilliard.
Songs, "Selected"—Mrs. W. W. Gard.
Songs, a, "Arrow and the Song" (Pensuti); b, "Rolling Down to Rio" (German)—Mr. Reynolds.

Mrs. W. G. Russell was the hostess to the members of the Coterie club on Friday afternoon at her home in Woods avenue. The following program was given from the calendar:

The Coronation of King George—Mrs. Shaw.
Private Life and Family—Mrs. Paramore.
Current History—Mrs. Conrad.
Roll Call—English Rulers.
Reading, "Aunt Eliza"—Mrs. Howard.

Critic—Mrs. Agnew.
The guests of the club were: Mrs. F. A. Johnson, Mrs. Murray Connelly, Mrs. Nat McLarnie, Mrs. Earl Russell, Mrs. Joseph Robe, Mr. Carl Bubbs, Mrs. Frank Vanarsdale, Mrs. H. S. Barriack and Mrs. David Walker.

Mrs. J. E. Davis of 1142 Oak street had as assisting hostesses at her pre-

tily appointed tea yesterday afternoon. Mesdames A. V. King of Cincinnati, J. G. Seymour of Troy, Edwin G. Slough of Mansfield, W. A. Smith of Lafayette, Ind.; A. G. Patton, W. A. Legg, A. J. Sherman, L. B. Cherrington, Charles Currier, W. A. Schumacher, H. P. Horton, Misses Louise Smith of Newark, Grace Young and Hazel Sherman.

The Evening Bridge club was entertained on Friday evening at the home of Mrs. John Higgins in Wyoming street. The first prize was received by Mrs. Frank Fitzgibbon and the guest's souvenir by Miss Anna Sheridan. The next meeting will be at the home of Mrs. William Koller.

The Ladies Division club was entertained on Friday afternoon at the home of Mrs. P. E. Johnson in North Fourth street. The players made up four tables for cards and the souvenirs were received by Mrs. Guy Huffman and Mrs. N. E. Vanatta. A two course luncheon was served. A feature of the afternoon was the piano solos by Miss Marie Gamberdinger.

The guests of the club were Mrs. Carl Yontz and Mrs. H. O. Osborne. The next meeting will be at the home of Mrs. Ben Balzer in Elmwood avenue on February 1.

The Rosebud Embroidery club was entertained on Wednesday afternoon at the home of Mrs. George Jones in Gay street. The afternoon was spent in sewing and instructions on the various kinds of work was given. A violin solo was rendered by Jenkins Jones. A delicious luncheon was served.

Mrs. George Vail was hostess to the members of the Tuesday afternoon Thimble club on the club day of this week at her home in North Fourth street. The hours were mainly spent and a delicious luncheon was served. The guests of the club were Mrs. Bockoven, Miss Lucille Bockoven and Miss Jessie Bartholomew.

A party of girls entertained with a leap year dance in the private dancing hall of the Arcade Academy. This dance marked the opening of the hall. Marshall's orchestra furnished the program and the dancers were: Mr. and Mrs. Begien, Misses Vera Harding, Bernice Wintermute, Dorothy Cooper, Clotilde Howard, Camille Windle, Olive Black, Irma Alspach, Margaret Moore, Olive Kent, Grace Raison, Mildred Robe, Elizabeth Sohn, Marjory Lawhead, Lenora Phillips, Jennie Miller, Isabel Simmons, Mary Pollett, Katherine Sedgwick, Ruth Wintermute, Vera Douce, Martha Wright, Louise Jones, Isabel Jones, Edythe Hall, Mary Louise Wales, Leontine Moore, Louise Elliott, Juliet Besuden, Mary Maholin, Dorothy Beaud, Hainn Sullivan, Spray Douce, Pearl Hayes, Messrs. Carl Jones, William Ingler, Duke Clayton, Ralph Edwards, Leslie Beags, Ray Hobl, Oren Hall, Raleigh Botts, George Beckman, Henry Eisengrien, Ray Perry, Fred Nehls, Paul Snelling, Paul Collins, Jay Cooper, Harold Smucker, Walter Brown, Trevor Davies, Ralph Priest, J. E. Currie, Walter Trettipore, Ray Patterson, John Ward, Howard Rugg, Walter Tyter, Dan Ganey, Frank Douce, and Messrs. Norman Hascall, Lester Rankin, Paul Clark, Jack Darron, of Granville and Robert Hayes, of New York and Allen Rinker of Columbus.

INDIAN ECZEMA CURE.

Now Sold by Evans' Drug Store, Banishes Eczema, Itch, Salt Rheum, Etc.

If you are troubled with eczema and want to quickly get rid of the misery and agony, get a 50 cent box of Zu-Ke today.

No matter how many other remedies you have unsuccessfully tried, this old Indian cure Zu-Ke (never before advertised) will end your troubles and make you happy.

For skin diseases and especially eczema Zu-Ke has been used among white people for 60 years. Before that time it was the great remedy for every form of skin disease among several Indian tribes. It is the product of the forest—a marvelous formula. Money back from Evans' drug store, if not satisfied.

FLY WHEEL BURST; ENGINEER KILLED

Cincinnati, Jan. 20.—Revolving at a high speed, a fly wheel 12 feet in diameter in the engine room of the Fox Paper company at Lockland, burst today and instantly killed an assistant engineer. A fellow workman was injured.

WANTED IN MICHIGAN.

Sacramento, Cal., Jan. 20.—When William Westover, alias William Camp, leaves Polson prison on Sunday, after serving a five-year term for forgery, a Michigan officer will arrest him on a fugitive warrant, he having escaped from the Eastern penitentiary in that state.

HEART AND HOME TALKS

BY BARBARA BOYD

The Word That Frees Us From Trouble.

HERE is a Chinese padlock which opens only to the spelling of a name to which its words are fitted," says a writer. "Every difficulty we encounter has some key," he goes on, "which will unlock it, when we have discovered the right word, and learned to fit it to its place."

With many of us, our attitude toward trouble has been for so long that of resignation; we have been so taught to consider it as something sent by a higher power and so to be endured; that we have rarely, if ever, taken it up, turned it over, examined it, and seen if it had anything of value for us, any message, or if not, if there was any way to dispose of it. But along with many things that are being studied in a new spirit these days, trouble is included. And we are beginning to find it a vastly different thing from what we have hitherto considered it.

Let us look at our special trouble or difficulty as this writer suggests, and see what word will dissipate it. For undoubtedly, there is a word, which, standing for some quality of character, we need to bring to bear on our difficulty, and which will overcome it.

Perhaps the word we need is Trust. Will this fit the padlock of the trouble that is enchainning us? If we can feel an unshaken trust in an over-ruling good, will not our trouble melt before it? It is any longer trouble?

Perhaps the word we need is Confidence. Difficulties may be piling up mountains high in our path, because we lack the confidence in ourselves to attack them. We are fearful of disaster and hesitate; and the longer we hesitate, the bigger they seem. But if we look upon them courageously, feel that we have the power within us to conquer every one of them, they will immediately lose all power to cow us.

Or we may need the word Persistence to set us free from our special burden. It may be some habit that is filling our life with unhappiness, and our efforts to get rid of it are too spasmodic. They are not persistent enough. Or perhaps our search for work, or more congenial work, lacks persistence. We halt so much, that we make little progress.

Maybe the word we need is simply Gladness. Gladness has a wonderful power for accomplishing things. It is like sunshine. It gives life and vitality and power to do. Gladness makes life joyous, for it attracts friends and success and good of all kinds. If our burden is gloom and pessimism and things generally going wrong, let's apply that magical word, Gladness, and see if a change is not soon wrought.

But whatever our trouble or difficulty is, let us hunt for the word that will free us from it. There is no need to be sadly resigned. We do not have to trudge all our days under the weight of it. Something which we need and which we lack will free us from it. Let us find it, apply it, and not only will the trouble disappear, but our lives will be the richer because of our acquisition.

Barbara Boyd.

John J. Carroll

NEWARK HIGH SCHOOL NOTES

Last Monday morning Dr. Ern-

berger of Wittenberg college, made a visit to the High School. Mr. Barnes had him speak to the seniors and juniors. He spoke briefly on the subject of cultural education as opposed to industrial education. He was entertained while in Newark by Rev. Mr. Schmidt of the Lutheran church.

The Juniors have asked to present a play in the spring. The faculty has given permission with the understanding that the play shall be under the direct supervision of a committee of teachers, that those taking part shall be doing passing work in all subjects and that the proceeds from the play shall not be used for any social purpose or for anything other than strictly school purposes.

Last evening the Italian girls gave a play in the High School Auditorium. The title of the play is "Miss Fearless and Company." The success of the performance was due in large measure to Miss Katherine Vance who trained the girls. The girls should come in for their share of the glory too, for they acted their parts unusually well. Esther Kissane had the part of the leading character and showed artistic ability for an amateur. Ruth Perry brought down the audience time and again with her Irish brogue, while Edith Deming was a model old maid. Nellie Ballou had one of the most difficult parts to play, but did it well, that of a little ghost "Just Lizzie." Nellie Nethers was simply great in her impersonation of a country-woman.

The Cast:

Miss Margaret Hanley, an heiress Esther Kissane
Miss Euphemia Addison, her chaperon Edith Deming
Miss Sarah Jane Lovejoy Ruth Perry
Kate O'Connor, Miss Hanley's servant Ruth Perry
Miss Hanley's Guests:

Barbara Livingstone Irene Hey
Beety Cameron Vera Deming
Marion Reynolds, Vera Baumgartner

Just-Lizzie, the ghost, Nellie Ballou
Silent Sisters:
Miss Alias . . . Mary Belle McClain
Miss Alibi Lena Wolfe

Act 1—A room in Miss Hanley's country home.
Act 2—Interior of Cottage on Spook Island.
Act 3—Same as Act 2.—A week is supposed to have elapsed.

The last preliminary debate was held Monday preparatory to the debates with Mount Vernon and Zanesville on the evening of March 8. The following named contestants were successful: Frederick Chase, Paul Grove, Gail Keckley, Dorothy Kramer, Walter Orr, Ralph Porter, Gray Swingle, Carl Walker.

Next Monday the second semester work begins. The last three days were given up to examinations.

WOMAN SLAYER GUILTY.
Cumberland, Md., Jan. 20.—Fannie Williams, or Law, was convicted of murder in the second degree by a jury. She had stabbed to death her lover, Clarence W. Button. Button abandoned a wife at Wheeling, West Virginia.

Whiskey and Pine for Colds
Fine Formula for Old Time Remedy Cured Thousands Here Last Winter.

The increased use of whiskey for colds is causing considerable discussion among the medical fraternity. It is an almost infallible cure when mixed with certain other ingredients and taken properly. From your druggist get two ounces of Glycerine and half an ounce of Concentrated Pine Compound. Take these two ingredients home, and put them into a half pint of good whiskey. Shake well and take one to two tea-spoonsful after each meal and at bed time. Smaller doses to children according to age. This treatment often knocks the worst cough or cold in a day. But be sure to get the genuine (Globe) Concentrated Pine. Each half ounce bottle comes in a sealed tin screw-top case. If your druggist does not have it in stock he will quickly get it. Don't experiment with cheap uncertain mixtures. It is very risky. Local druggists say this has had a marvelous demand for the past six years.

Sore Feet Here is quickest and surest cure known for corns, callouses, bunions, frostbites, warts and itching feet. Two table-spoonsful of Calceide compound in hot foot-bath gives instant relief and if repeated daily for ten days, permanent cure results. Get a 25c box of this remarkable Calceide from your druggist or direct from Medical Formula Laboratories of Chicago.

SWEET LIBERTY

BY MISS HILDA WADDELL

ILLUSTRATED BY WALTER WELLMAN.

My hair was getting rather gray. I bought some dye for it one day. My wife said "If you dye your hair, I'll sue for a divorce." So there!

I dyed my hair that very day And since that time I've felt real gay I've every reason too, to be

You see I dyed for liberty.

GRANVILLE

Granville, Jan. 20.—A dispatch from Addletown, O. regarding J. Sutphen Jones of Granville, who recently secured a verdict of over half a million dollars in the Apleate court of New York against the Gould interests, says:

"Sutphen Jones was born and reared and educated in this city where today he has many relatives living. He was a son of old Marshal Jones, who in the early days looked after the peace and dignity of this city and looked after it well. Twenty-five years ago Sutphen Jones, who made a fortune since in the Indiana coal fields, was living in this city running a local freight train between Cincinnati and Springfield on the Big Four railroad. He quit rail-roading and went west, got into the coal business and made a fortune. He has visited the old home about once in every five years. His many friends here will be glad to hear of his success in winning his suit.

Many of the birds, chiefly of the insect destroying kind, have been having a hard time of it of late finding food when the snow covers the ground with a blanket several inches thick; and when nearly all vegetation is hidden from view. Many of the farmers and people living in town are feeding the birds regularly every day, and they come for their feed as regularly as the barn yard fowls. Every person who has any idea of the economical value of these insect destroyers should make some effort to provide food for them, and not make the mistake of considering them as good lozenges as the sparrow. This may be done with little or no trouble. A table cloth shaken from the back porch will soon attract the hungry birds and they will come to watch for its fluttering and for the rain of crumbs which follows. If the crumbs from the cloth will not provide enough food for them then other scraps from the table or kitchen should be thrown out. None of the birds should be permitted to perish for lack of what crumbs and grain will keep them alive and which can be given them at little or no cost to any individual, if all who are interested in these feathered creatures will but do his part toward making provision for them.

Since the snow fall over a week ago there has been no skating on the ponds, gravel pit or other places where the skaters usually congregate, on account of the slushy conditions. Today, however, there has been good skating and large crowds have been enjoying the sport. When the ice first became safe for skating some days ago it was so cold that skating was impossible and then when it moderated a little there was so much snow that it was again impossible to skate.

Mrs. Maude Davis, a well known woman living north of Granville, slipped on an ice coated door step at her home on Friday night and sustained a very painful sprain of her right foot. The injury was attended to promptly and Mrs. Davis is now resting very nicely.

The friends here of Mr. and Mrs. Fred Reason, who moved to Washington, C. H. a short time ago, will be sorry to learn of the death of their little daughter, Jeanette Benjamin Reason, which occurred on January 11.

In the item regarding the program carried out by the Fortnightly club at its meeting this week it was stated that a "musical" was held in memory of Mrs. J. D. Jones. It should have read a "memorial" service was held.

The regular semester recital of the Conservatory of Music will be held on Wednesday evening of next week at Recital Hall at 8 o'clock. On this oc-

casional each department in the Conservatory will be represented.

The Heisey company has made a location on the Charles C. Robinson farm on Centerville street, two miles east of the village.

Mrs. Maude Buxton Upham of Billings, Mont., has been visiting her mother, Mrs. H. J. Buxton in Johnstown for some days.

FACE PAINT TABOOED; REMOVE SKIN INSTEAD

"A few years ago only one class of women painted their faces," says Dolly Madison in Chicago News. "It was a sign of social ostracism and was tabooed in refined circles. The custom has become so universal we must admit it is to be deplored and to be shelved as soon as possible."

How foolish to seek artificial "beauty" of this sort, obnoxious from artistic and moral standpoints, when it is easy to obtain a truly natural complexion by the use of ordinary mercurized wax. An ounce of wax, obtainable at any drug store, will cause such a transformation, no one need think of using anything else for the purpose. Applied like cold cream at night, and washed off in the morning, it at once begins to show its remarkable rejuvenating effects. It gently absorbs the lifeless surface skin in tiny particles, revealing the fresher, livelier, beautiful underskin. Naturally it takes with it all surface defects.

ALEXANDER GETS WANTED INCREASE

Philadelphia, Pa., Jan. 20.—It is announced by the Philadelphia National League club that Grover Alexander, the pitcher, will get the largest salary ever paid to a player for a second season service in a big league. It was a star in the National League last year, but this year, he demanded a big increase and got it.

BURNED WITH BOILING WATER

Wapakoneta, Jan. 20.—The steam gauge burst while Wm. Herschfield, engineer at the Bell Handle Works, in New Bremen, was making a survey of the boiler, and the boiling water struck him in the face, burning him so badly that he will die. His eyes were burned out.

WONDERFUL CURE OF SCALP DISEASE

Hair Came Out in Patches, Goodhair Soap Brought Prompt Relief.

"I have had Eczema on my scalp for twenty years. Have doctored with several doctors, but with no permanent results. The first time I used Goodhair Soap I was cured. I had patches as large as a silver half dollar. I was scared and thought I wouldn't have any hair if I continued to use the soap. I was told it was only the dead hairs that had come away. I continued to use the Soap, and now, after three months, all those bald spots are covered with a good growth. My hair is better than ever. I have no Eczema, and my scalp never itches."

Yours respectfully,
HENRY STEFFE,
Union, Ohio.

"I have used Goodhair Soap for the cure of dandruff and falling hair. I think it an excellent article for the purpose intended."

DR. W. T. RANKIN,
Columbus, O.
"I have had an eruption of the scalp for the past 15 years. Have tried all the popular remedies, and have found none to give relief and cure until Goodhair Soap was used. Can say that I consider it the best scalp and skin curative soap on the market."

W. S. ANDERSON, Newark, Ohio.
If your druggist will not supply you with Goodhair Soap, send 25c to Goodhair Remedy Co., Newark, O. Sample on request.

Ask Your Doctor

Is alcohol a tonic? No! Does it make the blood pure? No! Does it strengthen the nerves? No! Is Ayer's Sarsaparilla a tonic? Yes! Does it make the blood pure? Yes! Does it strengthen the nerves? Yes! By asking your doctor you can learn more about this family medicine. Follow his advice.

Dippy-Dope.

If a conductor gets rich in a week
how does the street-car fare?
Or if the bookkeeper went out
would the paper-weight?

Daddy's Bedtime

The Teddy
Bears' Party and
What Happened

The Teddy Bears Sat
Around the Table

JACK and Evelyn wanted a story about a Teddy bear. Evelyn had a big brown Teddy bear of which she was very fond.

"All right," agreed daddy. "I think I can tell you a good one. It's about a Teddy bear party."

"A little boy named Walter, who lives never mind where, had a nice big Teddy bear which he loved dearly. Walter had just had a birthday party, and he thought Teddy ought to have a party, too, though no one knew just exactly when was Teddy's birthday."

"Walter's mamma at last said he could have the party, and all Walter's little friends who had Teddy bears were asked to come over and bring their Teddies for the party."

"A low table was set in the playroom, and little chairs were placed around it for the Teddy bears."

"When Walter's mamma brought the children in to see the table they were greatly pleased. There were cakes and candies and apples and oranges on it."

"As it was really the Teddy bears' party, for politeness they were served first."

"So each little girl and boy offered a cake to his or her Teddy bear and said, 'Have some.' But the Teddy bears just sat and stared straight before them out of their beady eyes and wouldn't take a bite."

"Then one little girl took a chocolate cream and stuck it right on the end of her Teddy bear's nose. It looked so funny that all the children laughed, and each stuck a chocolate on the end of his or her Teddy bear's nose."

"Now they can sit right back there until they eat their candy," said the children. And they seated their Teddies against the wall and on the floor while they went ahead and ate up the Teddy bears' good things."

"When the last crumb had vanished the little girl who had thought of the chocolate creams went over and picked up her Teddy."

"She shrieked: 'It's gone! He's eaten his chocolate!'"

"The other children rushed for their Teddies, and, would you believe it, every single bit of candy had gone."

"Over in the corner licking his chops with great content sat Ruffles, their little host's pet dog. The mamma of the little boy had given the party looked very hard at Ruffles. He was a dog very fond of candy, and she thought she knew just where those chocolate creams had gone. But, being a wise mamma, she said nothing as each little boy and girl, hugging a sticky nosed Teddy bear, went home, overflowing with excitement, to tell their folks how at the party the Teddy bears really had eaten chocolate creams."

Fifty Years Ago Today.
Jan. 20.

David Glasgow Farragut, then a captain in the United States navy, received his orders as flag officer of the west gulf squadron of the Federal navy. They placed him in command of an expedition which was destined to open up the Mississippi river to Federal warships.

The newly appointed secretary of war, E. M. Stanton, assumed his duties.

Thomas followed up his victory at Mill Springs, but when his troops marched up to the enemy's intrenchments they found them abandoned.

Twenty-five Years Ago Today.
The United States senate ratified a treaty with Hawaii, extending the treaty of 1875.

of boys. At 7 o'clock he will speak in the Central Church of Christ. His subject will be: "If There Were No Church, What Then?" These will be the last meetings of the Boys' Friend Campaign and should call forth large audiences. Between 250 and 300 boys went through the Dungeon this morning and will enjoy a banquet this evening. Those who have heard Mr. Conner speak of him and his helpers and their work in the loudest terms of praise. If you have not heard him be sure to do so tomorrow.

The Mazda has secured the New York fire in addition to their regular show Sunday. 1t

Announce Son.
Born to Mr. and Mrs. Roy Vaughn, Jan. 18, a son.

Announce Birth.
Mr. and Mrs. J. R. Retherford of Highwater announce the birth of a son, Jan. 14.

For Rent.
Furnished rooms, single or double. Steam heat; open grate fire; reasonable. Apply 44 East Locust St. 1x

To Erect Fire Escapes.
The Board of Education will erect fire escapes on the North Fourth St. and new Mahom street buildings and will receive bids for the work until Feb. 6.

Called Meeting.
There will be a called meeting of Newark Hfve. No. 455, Tuesday evening, Jan. 23, to practice for installation. All members and new officers are urged to be present.

Installed New Cases.
The interior of the Mitchell & Miracle store is being improved and today four new cases were installed. The cases are of glass and add much to the appearance of the store.

Timesome Trip.
Alva McFarland and Chas. Montgomery drove 16 head of cattle through to Newark for H. H. Fairall, to Charles W. Miller's slaughter house. The boys had a hard trip.

Gas Escaped.
Down at Frazeyburg it was impossible for the scholars to remain in one of the school rooms on account of gas escaping from a defective stove, and they were removed to another room until the stove was repaired.

Jan. 9, Fire Anniversary.
Some people in Newark are of the opinion that the big fire which destroyed the Burner & McCune hardware store occurred 26 years ago last night, Jan. 19. The fire occurred on the night of Jan. 9, 1886. The temperature at that time was 4 degrees below zero.

Cold Weather This.
Chas. W. Miller sent down word from Mankato, Minn., the other day that the thermometer on his front porch registered 35 degrees below zero, but Sherwood Miller, at Sioux Falls, goes him five better. Mr. Miller writes home that the mercury touched the 40 below mark on Saturday, Jan. 13.

Five Guessing Contest.
The Newark Auto Company will have a Hudson car on exhibition and in operation in the Arcade, beginning Monday and ending Saturday. To add to the interest the company is going to have a free guessing contest and will award a prize of \$5 to the best guesser.

Dresden Trial Monday.
The cases against Jacob and Abe Ketter, father and son, and James S. Prettyman, charged with wrecking the Dresden National Bank, will be started at Columbus Monday before Judge J. E. Sater. The men were all tried three years ago and were sentenced to terms in the Ft. Leavenworth prison. They gave bond and the United States court at Cincinnati granted them a new trial.

Sunday at the Wonderland.
Special feature attraction. Subject, "The Passing," a beautiful story dealing with a mother's love for her departed son and how that love kept the child constantly with her till she crossed the great divide.

LEADER IS NEEDED.
The twentieth century will witness the renaissance of the people—their rebirth and regeneration. What they need is a leader, a man of inflexible honesty, of highly developed sympathy and understanding, capable of interpreting their hopes and translating their aspirations into some big achievement for the cause of humanity itself.

The question of emancipation may come again, as it did in 1860, but if it does it will be for emancipation from the slavery of economic and social conditions resulting from the failure to control or even effectively to regulate the giant monopolies.—William G. McAdoo.

PROF. OSLER RIGHT
YOUTH ALWAYS
SUCCEEDS AGE

Osler isn't the only man who turns down old age in the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race.

One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old time remedies with other agents which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't look old before your time. Get a bottle of Wyeth's Sage and Sulphur today, and see what an improvement it will make in the appearance of your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Special Agent—F. D. Hall, 10 North Side Square.

He was there to show her the throne. All unknown to an indifferent husband. Can such a thing be? Come to the Wonderland tomorrow and use your own judgment. Other good reels up to this standard. 1

Special Tonight at the Wonderland.
"International Automobile Races at Atlanta" and two other fine reels.

The Joe Green who took out the Alkin liquor tax is not the well known dyer and cleaner on West Main street, who is still doing wet and dry cleaning at the old stand, at 111 West Main. 20d1

The great New York fire will be shown at the Mazda Sunday. 1t

Mr. Sturgeon Improved.
Cliff T. Sturgeon is still confined to the Columbus hospital where he was removed last Sunday for an operation. The operation has not been performed. Mr. Sturgeon is slightly improved over his condition earlier in the week. 1t

Warner Tomorrow.
A rise of 20 degrees in temperature between 6 a. m. and noon was recorded by the thermometer at the Central fire station today. It was 6 degrees above at 6 o'clock this morning and 26 above at noon. The weather man promises that Newark people will have a chance to save on their gas bills tonight and Sunday.

THE POULTRY YARD.

Keep a little gas-tar on hand and apply it for scaly legs.

You can tell a laying hen as far as you can see her. Her color is always bright and healthy looking.

February hatched chicks are apt to molt in the fall and will not be worth anything for egg production in winter.

Turkeys more than any other poultry seem to require fresh air. They will roost in trees during a snow storm and not seem to mind it a bit.

Forcing laying hens with stimulants of any kind, except those nature supplies in good food, is a dangerous and costly process in the long run.

Soak stale bread in sweet skim-milk, press out milk as completely as possible, and feed the chicks. Also keep coarse sand before them; without it the chicks cannot grind their food.—February Farm Journal.

For one man who gets what he wants, a hundred get what they deserve.

SOME CAN

But Student Had To Quit.

Some people are apparently immune to tea and coffee poisoning. If you are not, Nature will tell you so in the ailments she sends as warnings. And when you get a warning, heed it, or you get hurt, sure. A young college student writes from New York:

"I had been told frequently that coffee was injurious to me." (tea is just as bad) "and I had not been told, the almost constant headaches, with which I began to suffer after using it for several years, the state of lethargic mentality which gradually came upon me to hinder me in my studies, the general lassitude and indolence of any sort of effort which possessed me, ought to have been sufficient warning."

But I disregarded them until my physician told me a few months ago that I must give up coffee or quit college. I could hesitate no longer and at once abandoned coffee.

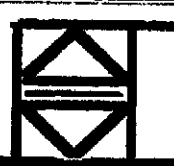

"On the advice of a friend I began to drink Postum, and rejoice to tell you that with the drug in coffee" (the same drug—caffein—is found in Postum) "removed and the healthful properties of Postum in its place I was soon relieved of all my ailments."

The headaches and nervousness disappeared entirely, strength came back to me, and my complexion, which had been very, very bad, cleared up beautifully.

Better than all, my mental faculties were toned up and became more vigorous than ever and I now feel that no course of study would be too difficult for me. Name given by Postum Co., Battle Creek, Mich.

"There's a reason," and it is explained in the little book, "The Road to Wellville," in p. 168.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

CHARGE AIMED AT SINGLE TAX

Delegate Lampson of Heavy Artillery Fires First Gun.

WOULD MAKE IT IMPOSSIBLE

Representative Crosser of Cuyahoga County Launches the "Official" Initiative and Referendum Proposition—Labor Delegates Get Together and Map Out Plan of Action—Numerous Proposals Before the Constitutional Convention.

Columbus, O., Jan. 20.—(Special).—The first charge of the heavy artillery against the initiative and referendum forces in the convention came when Delegate Lampson of Ashland offered proposal No. 1, which seeks to make it impossible to engraft the single tax system on the state of Ohio. Delegate Lampson is opposed to the single tax, and is not enamored of the "I. & R." The contention of some of the opponents of the initiative is that the Bigelow propaganda has been with the one view of getting the single tax. Delegate Lampson's proposition has got on the nerves of the initiative backers, and more than that, it has stirred up the interests that want a classification of property for taxation purposes. As offered, the Lampson proposal cuts off all chance of classifying property as well as making a single tax law impossible of enactment.

Mr. Lampson explains that he is not opposed to some features of the classification proposition and that he is willing to amend his proposal to permit limited classification, so long as it does not interfere with his intention to eliminate the single tax. The single tax rooters in the convention admit that they will lose their interest in the initiative if the Lampson single tax throttling is accomplished.

The initiative and referendum proposition which Mr. Crosser of Cuyahoga has presented to the convention is the "official" Bigelow plan to all intents and purposes. Mr. Crosser is to be chairman of the "I and R" committee and, incidentally, is the most rampant direct legislation

and at any time within that period a petition asking their reference to the people could be filed.

The Crosser I and R is made applicable not only to acts of the general assembly but to all political subdivisions of the state. In the case of the smaller subdivisions 10 per cent of the voters could initiate any legislation, and only 8 per cent would be required to cause any but an emergency measure or a measure appropriating money to be referred to the people. In the case of emergency measures the same rule would apply as applies to the statewide I and R.

The liquor license proposal presented to the convention by Judge E. B. King of Erie county provides that there shall be submitted to the people of the state separately as an amendment to the constitution two propositions, one making it mandatory upon the general assembly to pass laws licensing the liquor traffic in the state, and the other providing that there shall be no license, or leaving the constitutional provision relating to the traffic as it is in the present constitution. The amendment introduced declares specifically that in licensing the liquor traffic, in the event that this proposition should

EDWARD W. JOHNSON.

Constitutional convention delegate from Madison county. Born in West Jefferson, O., Oct. 27, 1870. Has been a resident of West Jefferson since infancy. A graduate from Ohio Northern university (L. L. B. and A. B.). Democrat. Married. Lawyer and banker. Is a farmer and broom manufacturer. Member of Masons.

carry before the people, the general assembly shall not make laws affecting in any way the territory of the state already "dry." This constituted one of the big demands of the temperance people and amounted to a big concession on the part of the liberals. In other words it makes mandatory the licensing of saloons where they are permitted to exist by will of the people.

That labor delegates to the constitutional convention shall prove the real meaning of the word "labor" by being constantly on the job, was proposed by Harry Thomas of Cleveland, who called a caucus of all the delegates who hold union cards.

"We have criticized every other public body in the last 20 years as a set of loafers and time servers," he said. "Let us be consistent by setting an example of industry to the other delegates. Be prompt at committee meetings and don't shirk sessions."

There are 13 union men in the convention: Thomas, carpenter; Farrell, waiter; Stillwell, painter; and Davis, father, all of Cuyahoga; Halenkamp, pressman; Cordes, carpenter; and Hoffman, bottler, all of Hamilton; Tetlow, Columbian, miner; Harbarger, Franklin, molder; Kunkle, Muskingum, glassblower; Lambert, Jackson, carpenter; Harter, Huron, musician; Read, Summit, carpenter. Read was made chairman of the labor group and Thomas secretary.

The "employees" committee had almost as hard a time fixing up pay for attaches as it did deciding on employees. The fact is that the committee could not get the pay too high to please the appointees.

C. B. Galbreath, secretary of the convention, will get a salary of \$3,000 a year. The assistant clerks, stenographers, assistant sergeant-at-arms, postmaster and custodian of the assembly hall are to get \$5 a day; the doorknobs and porters \$3.50 a day, and pages \$2.50 a day. These are the same salaries paid to legislative employees.

The suffragettes have opened headquarters in this city, with Mrs. Elizabeth J. Hauser and Mrs. Myron B. Voice of Cleveland and Miss Edith Peck of Cincinnati in charge. They will do the lobbying for the votes-for-women cause in Ohio and they have already registered as professional lobbyists for the purpose. They were the first to ask Secretary Galbreath for lobby privileges.

The convention has given Governor Harmon all floor privileges and invites him to speak on constitutional revision. President Bigelow was authorized to invite President Taft to address the convention upon his visit here Jan. 30, and to provide an appropriate reception for the president.

ARMY TORN BY INTERNAL FEUDS

Scramble Among Officers For Advancement.

WOOD AND AINSWORTH CLASH

Legislation Affected by the Fight. Hoke Smith Takes a Fall Out of Jeff Davis—How Chilton Put One Over on Heyburn—Ambassador James Bryce a Mountain Climber.

By ARTHUR W. DUNN.

Washington, Jan. 20.—[Special].—There is plenty of fight in the United States army notwithstanding the frequent magazine articles asserting that it is not good for anything. In fact, there is nothing but fight in the army at present—fighting among themselves, fighting for power and promotion.

The trouble seems to be that any effort to improve the army by legislation must be coupled with provisions to advance the personal interests of some officer, some bureau or some organization in the army or the real beneficial legislation cannot pass. Army officers are human, and they are looking out for themselves, their corps, their bureau and positions just as other men.

The net result of proposed army legislation has been to stir up one of the greatest rows the army has experienced in many years. Just now the contest is between General Wood, chief of staff, and General Ainsworth, adjutant general. Both of these officers were formerly in the medical corps. Both are now major generals, having attained their high positions by what Koko would call "a curious set of circumstances."

Smith Wanted to Know.

Senator Jeff Davis recently made a speech on the cotton industry in support of a bill he has introduced proposing to protect cotton growers from alleged losses due to speculation in the New York and other stock markets. His arraignment of the Wall street financiers was scathing and bitter.

Senator Hoke Smith of Georgia, who numbers a good many cotton growers among his constituents, paid close attention to the remarks of his colleague and afterward sought him in the cloakroom to congratulate him.

"That was a fine speech," said the Georgian, "and delivered in a very good cause. But, tell me, were all those things you said about New York money men true, or were you just making a speech?"

Senatorial Peculiarities.

When the senate stenographers don't quite catch what Senator Heyburn says they just write "I object" in their shorthand notes and are perfectly safe, according to Senator Borah. He remarked the other day in debate that in the five years he had been in the senate he had never asked for the consideration of a measure that his colleagues had not used the objectionable phrase.

Other senators have sometimes mildly commented on the same habit, and they study up ways of circumventing the Idaho objector when they have something they desire to put through. Senator Chilton, so the story goes, got on the right side of Senator Heyburn one day by enrolling him in his "knife club," presenting his colleague with a highly ornamented bit of cutlery, with the result that a little bit he called up not long after went to passage speedily. Senator Borah complimented him for his foresight.

"I learned long ago," said the West Virginian, "that to be safe you must stand close to a kicking horse."

Diplomat a Mountain Climber.

Ambassador Bryce, Great Britain's diplomatic representative in the capital, was discussing at the National Press club not long ago his hobbies. "One of my hobbies," he said, "is for facts. Journalists may be divided into two classes, one of which presents facts and the other ideas. In my judgment the far greater function is the collection of facts. A man is responsible only to himself for his ideas, but in a statement of facts he is responsible to the whole world."

His other hobby, more personal in character, the ambassador declared, was for climbing mountains. His love for this form of relaxation was a surprise, for the diplomat is a man of frail physique. But he has scaled Pike's peak, and has roamed over most of the high ranges in this country and declared that he had an ambition to climb the Matterhorn and Mont Blanc, in spite of the toll of human lives exacted each year by those famous heights of Switzerland.

Slayden's Annual Pilgrimage.

There is a picture in the capitol, on the senate side, of the battle of Chancellorsville, by James Walker. As a work of art there may be some difference of opinion, but in the mind of Congressman Slayden of Texas it is the finest picture on exhibition on Capitol Hill.

"Never a session goes by," said Mr. Slayden, and he has been here for eight consecutive congresses, "that I do not come over and look at Walker's picture. I have been all over the ground where the famous struggle was waged. The lofty citadel on which the fort is perched makes it one of the most spectacular and picturesque spots in history, and the painting gives me a great deal of pleasure."

WELL DESERVED.

The Prices That Come from Thankful Newark People.

One kidney remedy never fails. Newark people rely upon it. That remedy is Doan's Kidney Pills. Newark testimony proves it always reliable.

Andrew J. Powell, machinist, 41 Union street, Newark, Ohio, says: "My kidneys are better than they have been for fifteen years and Doan's Kidney Pills deserve the credit for getting them in this condition. I had rheumatic pains in the small of my back and my kidneys acted irregularly, especially at night. I could not sleep well and often had to get up as many as fifteen times. The secretions were unnatural and I felt badly in every way. I used different medicines but nothing helped me until I tried Doan's Kidney Pills, procured from A. F. Crayton & Co.'s Drug Store. The first few boxes did me no good, but I kept on taking them and after I had taken the fourth box I felt better. My kidneys were strengthened and I did not have to get up at night. The pains left."

Remember the name—Doan's—and take no other.

BOYS' MEETING GREAT SUCCESS

As is often the case, a good thing passes before the people are able to appreciate its value. The crowds of boys that have been hearing W. A. Conner every afternoon at the Y. M. C. A. have been steadily increasing and the evening meetings have grown very rapidly in the number of parents attending. An accurate count has been made of the boys each day. On Monday there were 154 Tuesday 189, Wednesday 218, Thursday 238 and Friday 260. Tomorrow afternoon at 2:00 o'clock every boy in town ought to be present when Conner will give them the final talk of the series. At 8:00 o'clock on Sunday Mr. Conner will speak to fathers and mothers in Taylor Hall. If this meeting place proves too small for the crowd they will go to one of the churches nearby. The audience who heard the address last night on "The Heart of a Boy" was heartily pleased with Mr. Conner's presentation of the subject. Tonight at 5 o'clock the great banquet for boys will be served at the Central Church of Christ. This supper is provided by the ladies of the different churches of the city.

A Girl's Wild Midnight Ride.

To warn people of a fearful forest fire in the Catskills a young girl rode horseback at midnight and saved many lives. Her deed was glorious but lives are often saved by Dr. King's New Discovery in curing lung trouble, coughs and colds, which might have ended in consumption or pneumonia. "It cured me of a dreadful cough and lung disease," writes W. R. Patterson, Wellington, Tex., "after four in our family had died with consumption, and I gained 87 pounds." Nothing so sure and safe for all throat and lung trouble. Price 50c and \$1.00. Trial bottle free. Guaranteed by F. D. Hall.

QUAIL PERISH IN THE SNOW

Reports from several sections of the state, where the snow was particularly deep, is that many quail have perished, but in general it is said that reports indicate that the quail have weathered the cold snap well. In some places farmers have provided food for the quail and as the failure of food supply and not cold weather is the cause of quail dying many lived through the zero weather. It has been suggested that farmers well might provide for quail by planting a few rows of broom corn and breaking it down before winter. The quail would supply the birds with food and the stalks with shelter from the storms.

ANNUAL MEETING

Of the Buckeye State Building and Loan Company took place in the new Rankin Building, 22 West Gay street, Columbus, O., on Friday evening, January 12, 1912. James H. Burns, Robert Livingston and J. E. Kinney were re-elected directors for three years. The other directors are L. L. Rankin, B. C. Blumley, L. P. McCullough, Fred C. Rector, Wesley J. Elliber and Judge Frank Rathmell. Assets \$5,100,000. Five per cent paid on time deposits. Growth in 1911, \$700,000.

ANNUAL ELECTION OF STOCKHOLDERS

The Gratiot-Brownville Telephone Co. held its annual meeting of stockholders at Gratiot Tuesday evening and elected the following officers:

George G. Andrey S. P. Porter, J. D. Rhodes, William D. Porter, M. A. Baird, Gustav Baird and C. C. Zartman.

The directors organized by selecting George W. Andrey, president, S. P. Porter, vice president, C. C. Zartman, secretary and general manager, and S. E. Porter treasurer.

CHILDREN WHO ARE SICKLY

Mothers who value their own comfort and the welfare of their children, should never be without a box of Mother Gray's Sweet Powders for Children, for use throughout the season. They break up colds, relieve feverishness, constipation, teething disorders, headache and stomach troubles. Used by Mothers for 23 years. THESE SWEET POWDERS ARE SAVED BY THE DRUG STORES. Do not accept any substitutes. Sample mailed FREE. Address Allen S. Olmsted, Le Roy, N. Y.

FOUNDER OF THE SCOUT MOVEMENT TO TOUR WORLD

Sir Robert Baden-Powell, Defender of Mafeking, to Visit American Cities.

London, January 20.—General Sir Robert Baden-Powell, who won fame as the defender of Mafeking during the South African war, and the founder of the Boy Scout movement, to advance which he retired from the army, has started on a tour of the world in the interest of the organization.

The central idea of the tour is to consolidate the movement throughout the empire, to co-ordinate it as a great imperial organization and to standardize the method of management as far as possible. As the tour necessitates Sir Robert passing through America and other countries he will attend meetings in the interests of the Scouts in those countries.

Sir Robert proceeded first to the West Indies to visit the Barbadoes, Trinidad and Colon, and while in Panama will visit the canal works. New York will be reached about January 31, and thence the tour takes him to among other cities, Boston, Philadelphia, Washington, Cincinnati, Chicago, San Francisco and Seattle. From the latter port the General will take steamer for Japan, where, under a promise made to General Nogel, an effort will be made to start the Boy Scout movement in Japan. General Baden-Powell has previously visited Canada. The Scouts have made wonderful progress in England and the Colonies. In the United Kingdom alone there are a million members, 60,000 having been enrolled last year. The Royal Scouts' Association has just been incorporated under Royal Charter.

There are still a few "Old Masters" left in England's homes despite the of repeated cry that American and German art collectors are depleting England of the works of art that an earlier generation brought together.

The exhibition arranged by the council of the Royal Academy bears testimony to this. There are some pictures, loaned from private collections, which might almost be said to have been rediscovered, they have been so long hidden away, and a long list of masterpieces, none of which were seen at the previous shows.

Among those that American collectors might look upon with envy are two from the private collection of Miss Driver, the "St. Francis of Assisi," standing with arms outstretched, by Giovanni Bellini, and the "Descent from the Cross," by Gerard David. Both these pictures were last seen at the Manchester exhibition in 1857, and their whereabouts was unknown until sent by Miss Driver to the present exhibition. Others that Americans might bid for if there was a suggestion that they were for sale, are a small panel by Mantegna and a group of three Rembrandts sent by Mr. A. R. Boughton-Knight. The Rembrandts represent the famous painter's earliest and latest work.

Because of a misunderstanding army form, 20,000 reservists were on the point of mobilizing at Aldershot recently, and a London newspaper added to the excitement by publishing a news item to that effect.

The situation was due to a general misunderstanding of Army Form D-446 which was announced by the military authorities some time ago as the medium by which the reservists who would in the natural course of events be called on for service on the first call were apprised of the fact. In order that there should be the least possible delay when the order was given, it was announced that the form would be accompanied by a railway warrant to pass the reservist to his allotted station and a postal order for subsistence money during the journey.

Every precaution was taken to instruct the men that the orders were to be cashed only in case of mobilization, but some of the reservists failed to read or understand their instructions and a number of the men were cashed and attempts made to get railway passes to Aldershot. The affair has kept the war office busy explaining the mistake and denying sensational rumors of impending war.

One of the strongest points in the argument against the grant of the suffrage to women is the fact that in the United Kingdom women outnumber the men, and that to give them the vote would mean handing the government of the country over to a sex which anti-suffragists say would be too serious to contemplate.

An official estimates of males and females of twenty-five years and over in the United Kingdom, excluding aliens, paupers, and other persons disqualified for enrollment as parliamentary voters, places the number of males at 10,107,000 and that of females at 11,313,000 in 1912, and by 1916 it is estimated that the numbers would be 10,480,000 and 11,729,000 respectively.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and tried to cure it by local remedies, constantly failing to cure with local treatment, pronounced it incurable. Science has proved catarrh to be a constitutional disease and therefore requires a constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful, and cures the system. They get over one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

BOWLING.

Following were the scores rolled in the Molders Duck Pin League at the Music Hall:

Tigers—				
Sattler	85	100	103	288
Sommonds	68	86	87	241
North	87	85	89	261
Totals	240	271	279	790

Athletics—				
Cotton	92	78	77	247
Hayes	81	92	60	233
Cnyder	85	72	88	245
Totals	258	242	225	725

Next Week's Schedule. Grants vs. Athletics, Jan. 23. Cubs vs. Thonley Dodgers, Jan. 24. Tigers vs. Pirates, Jan. 25. Reds vs. Cardinals, Jan. 26.

QUINTETTE LEAGUE.

Last night on the Atherton alleys in the City Quintette league the Bismarks took the Indians over for two out of three. Shaughnessy rolled high score Kelly was high average man.

Indians—				
Tracy	53	40	39	132
Litz	42	46	33	121
Mackenzie	52	30	46	128
Curran	47	56	50	159
Kelley	44	67	49	160
Totals	238	239	223	700

Bismarks—				
Shaughnessy	69	45	43	157
Duckins	38	53	40	131
Blank	56	46	42	144
F. Bauch	42	52	42	136
Wilson	48	53	40	141
Totals	253	249	207	709

League Standing

The City Quintet League standing week ending Jan. 19:

Team.	Games.	Won.	Lost.	Pct.
Imperials	39	31	8	.792
Indians	39	28	11	.718
D'm'd Edge	39	22	17	.564
Keen K'trs	39	18	21	.462
Bismarks	39	18	21	.462
Prates	39	13	26	.333

Next Week's Schedule.

Monday Jan. 22—Keen Cutters vs. Pirates. Tuesday, Jan. 23—Diamond Edge vs. Bismarks. Thursday, January 25—Indians vs. Imperials.

WEHRLER LEAGUE.

The following is the schedule for the Wehrle League beginning Jan. 22 and including Jan. 28.

Monday night—7:00 Patterns vs. Power House. Monday night—8:15 Closet Builders vs. Platers. Tuesday night—7:15 Foundry vs. Steel Range. Wednesday night—7:15, Machinists vs. Polishers. Thursday night—7:15 Office vs. Production. Friday night—7:15 Inspectors vs. Mould Makers.

In the Wehrle League last night on Wilson's Alleys the office team won two out of three games from the Closet Builders. Beecher had high score, 190. Wilson had high total.

Duffy	120	131	167
Wilson	144	185	188
Beecher	137	190	135
Total	406	486	490

Closet Builders—			
Tyler	135	112	125
Galloway	136	146	148
McDermott	186	152	126
Total	457	410	399

TWO-MEN MATCH.

In a two men match last night on Wilson's alleys Jones and Barrick won by 78 plus in three games. Barrick had high total 525. Sprague had high score 204.

Graever	124	133	182	439
Sprague	204	160	149	513
Jones	328	293	331	952
Barrick	189	160	146	495
.....	190	160	185	535
.....	379	320	331	1030

PRACTICE FOR THE COLUMBUS TOURNEY

Eight men that will go to the Columbus Tournament from Wilson's alleys rolled a practice game last night in doubles. The scores were rather poor and it is hoped they will roll better ones in Columbus.

Sowers	173	171	211	555
Blime	154	172	167	493

Office No. 7 1/2 West Side Square, over Sample Shoe Store. Exes. and Mortgages written. All business entrusted to me will be promptly

MOVEMENT OF WATER IN PLANTS

BY DR. JOHN A. WIDTSOE.

THE soil water, holding in solution a great variety of plant nutrients, passes from the root hairs into the adjoining cells and gradually moves from cell to cell throughout the whole plant. In many plants this stream of water does not simply pass from cell to cell, but moves through tubes that apparently have formed for the specific purpose of aiding the movement of water through the plant.

The rapidity of this current is often considerable. Ordinarily it varies from one foot to six feet per hour; though observations are on record showing that the movement often reaches the rate of eighteen feet per hour. It is evident that in an actively growing plant it does not take long for the water which is in the soil to find its way to the uppermost parts of the plant.

THE PEKIN DUCK

By George E. Pryor.

THE Pekin is almost universally acknowledged to be the best duck for market, and justly so. Those who are not ready to so acknowledge it have certainly never gotten hold of a good strain. It must be remembered that not every white duck is a Pekin. In every farm yard and many city lots you see a flock of white ducks and if you ask the owner what breed they are, he will tell you Pekins, and perhaps you could call them that for want of a name, but I consider Puddle duck would be better. They are generally small or medium sized birds and in no way but their color resembles the genuine Pekin. The genuine, pure-bred Pekin should weigh 5 pounds for the duck and 9 pounds for the drake when full grown. The standard weight for young ducks is 7 pounds, young drakes 5 pounds, and they easily reach this weight without forcing; in fact, it is very easy to get them even

larger than this and our best pens are entirely composed of birds that are overweight without being overfat.

But it is not in their immense size that their principal value lies, but in their rapid growth. It is not very unusual for them to weigh 3½ pounds at six weeks, and we regularly get them to weigh 6 pounds the drakes, and 5 pounds the ducks when they are three months old, which is as long as they should be kept if for market purposes. In fact, in the early spring we begin marketing them at six weeks old so as to get the high prices that prevail at that time. Now is the best time to set eggs to catch this market.

It is the same as with broilers—it is the birds hatched out of season that command the best prices. Fertility and hatchability may not run as high as they will later on, but this is more than made up for by the price you get for the market ducks.

After experimenting with a number of different ways of feeding and a different feed for different ages we have for the sake of convenience adopted one and the same mash for every age and sex of the bird. It is the following formula, which we find perfectly satisfactory: Eight parts bran, four parts corn meal, two parts alfalfa meal, one part blood meal. Choose parts of the size necessary so that the total amount of the mixture makes just what is required for one feeding. This mixture is first mixed dry and then water is added to make a wet (not sloppy) mash. For the small breeder it would be handier to mix up a large box of dry mixture and then just dip out and wet up what is required for each meal. This mash is fed twice a day, night and morning, all they will eat up clean; at noon we feed green feed, barley or alfalfa cut in a feed cutter, all they will eat. This is for

the adult birds or breeders. The growing youngsters must be fed oftener, four or five times a day for the first month, and three times a day for the next two months. Growing birds should have pasture if possible. If intended for breeders, and plenty of green food if confined. Keep wet, shell and charcoal in front of them all the time. When they are very small we mix chick grit in their mash. Fresh water twice a day at least, but none to swim in when you are trying to fatten them; in fact, the treatment of the duck depends a great deal on what you are raising them for. If for breeders, plenty of range and water to swim in after they are two weeks old. If for the market, close confinement (after the first month) and no water except for drinking purposes, or they will excrete (urine) the fat out as fast as you can feed it on.

CITY SEWAGE FOR FERTILIZER

SOLUTION of the problem, how to dispose of sewage, has been attempted at several places in this district by distributing it over fields and gardens as a fertilizer. Instead of running it into canals and other waterways, which is the practice to some extent. What area of land should be allowed for the sewage of a city is a question answered by the statement that this can be regulated by the percentage of fertilizing properties contained in the sewage. The amount of fertilizer needed for the particular crops to be grown, and the natural richness of the soil. If the sewage lacks any desired fertilizer it can be added.

Experts who have scientifically analyzed the sewage of Amsterdam, with a population of 678,000, believe that it would fertilize about 5,000 acres of land of average character, the most soil-improving character. The area, however, would vary somewhat with the kind of soil to be fertilized.

CAN HAIR TURN WHITE IN A NIGHT?

A CHERISHED popular belief is that of the sudden blanching of the hair from fright, worry or other severe mental strain. It plays its part in the drama and in fiction, while history records its famous instances. Who has not heard that Marie Antoinette's hair turned white during the night before her execution, or that the deeds and terrors of St. Bartholomew's night blanching the hair of Henry IV? Most of us have wondered how the change could come about as rapidly as tradition relates; and yet so universal is the belief in this phenomenon that few have the hardihood to doubt it. And now Stieda, a hard-headed German scientist, boldly says that it isn't so at all. This refractory German first proves that such a thing couldn't possibly happen, and then, not satisfied, declares that it never did happen. With equal disregard of folklore, history and medical literature, he points the finger of doubt and challenges many long-deceased historians and physicians to arise and prove their stories.

He claims that when the hair turns white under ordinary conditions, it does so in one of two ways. Either the pigmented hairs fall out and are replaced by unpigmented hairs, or, less commonly, pigment production stops in a growing hair and the colorless portion gradually replaces the darker outer segment. As the growth of a hair crop of hair in a single night is beyond possibility, Stieda must needs discredit all tales of such miraculous transformation, says the Journal of the American Medical Association. This he does in extensive, taking up the best known instances of such supposed blanching of hair and finding them all lacking in support sufficient to meet critical consideration. Much less such control as to establish an acceptable scientific demonstration. For example, he doubts the story of Marie Antoinette's sudden loss of hair pigment, stating that although the queen certainly was gray at the time of her execution, yet this was no novelty, for she was also gray nine months before, at the time the king met his sudden end at the hands of the revolutionists.

WINTERING FOULTRY

BY C. R. TITLOW.

College of Agriculture, Ohio State University.

AT THIS season of the year plans should be formed and work done to make winter poultry keeping profitable. The poultry house should have a careful cleaning and whitewashing and everything about it put into repair. The nests should be cleaned and thoroughly sprayed with a house spray and a disinfectant. They should be filled with clean hay, straw or excelsior, as hens have no desire to lay in a dirty nest. All old nests and discarded feathers, chick brooders, boxes and boards should be removed from the house.

Make sure that there are no open cracks or knot holes behind the roost or at either side of it. Heavy tar paper should cover this portion of the house. The paper will prevent any draft over the fowls while they are on the roosts. The drooping board, also, should be void of cracks, so that no drafts can come up under the fowls. Drafts not only endanger the health of the fowls, but greatly hinder winter egg production.

A box that is a few inches high, but several feet long and wide, should be filled with dust or sawdust in which the hens may wallow. Have the drooping boards a couple of feet from the floor and the feed hoppers and drinking fountains on platforms about the same height, so that all the floor space may be used as a scratching place for the hens. Cover the floor with at least six inches of straw, cut hay, cut fodder or wood shavings. Throw some grains into this litter each day. The fowls will get much exercise in scratching for the grain. No exercise is eggs. If the poultry house is small, build a low, open-front scratching shed at one end of it.

Such environment, together with well-selected hens and feed, will secure profits from poultry during the winter.

THE WORK OF LEAVES

BY JOHN A. WIDTSOE.

President Utah Agricultural College.

WHETHER water passes upward from cell to cell or through especially provided tubes, it reaches at last the leaves, where evaporation takes place. It is necessary to consider in greater detail what takes place in the leaves in order that we may more clearly understand the loss due to transpiration.

One-half or more of every plant is made up of the element carbon. The remainder of the plant consists of the mineral substances taken from the soil (not more than 2 to 10 per cent of the dry plant) and water, which has been combined with the carbon and these mineral substances to form the characteristic products of plant life. The carbon which forms one-half of the plant substance is gathered from the air by the leaves, and it is evident that the leaves are very active agents of plant growth.

The atmosphere consists chiefly of the gases oxygen and nitrogen in the proportion of one to four, but associated with them are small quantities of various other substances. Chief among the secondary constituents of the atmosphere is the gas carbon dioxide, which is formed when carbon burns—that is, when carbon unites with the oxygen of the air. Whenever coal or wood or any carbonaceous substance burns, carbon dioxide

WHAT INTEREST DOES YOUR CAPITAL PAY?

BY THOMAS COOPER,

Minnesota Agricultural College.

MANY farmers do not realize the extent of their investment; nor that during the past few years land values have been

increased by the use of improved machinery and more rigid live stock requirements, that the capital invested in their farms has increased enormously. According to preliminary figures from the last census, the average investment in Minnesota farms, without consideration of seed, cash and minor items, is \$11,555. A great many of our farms, that are of average size in the southern part of the state, will show average valuations of \$18,000 to \$25,000. In fact, most farmers have a great investment in their business as the average country business man has invested in his business. The amount of capital and the form in which it is invested on the farm should be carefully considered by the farmer who wishes to make the greatest profit.

Capital may be invested in forms which are relatively unproductive. This is true principally where capital is invested in buildings which are too expensive for the use to which they are put; in stock which is unproductive; or in machinery and equipment which is either used insufficiently or is not properly cared for.

Capital, to be productive, must earn current rates of interest. These rates will average from 5 to 6 per cent in this state. This means that the average farm must not only pay the cost of operations, but in addition pay \$683.10 in interest before the owner can figure that he has received anything for his own labor or the labor of his family. While a great many farmers are not earning interest at this rate for their owners and having them wages in addition, it is because of the fact that they are either improperly organized or not well farmed. As the capital invested in the farms increases, methods of farming must be so changed as to give an increased earning power equivalent to the increased capitalization. Most farms in Minnesota could increase their earning power by using additional capital in the purchase of productive live stock. At the present time the farms show too large a percentage of their capital invested in land, and not enough in stock and equipment for caring for it.

SOUTHERN INDIAN RUNNERS

JUST now there is a great demand throughout the poultry world for the pure white Indian Runner duck. For ten years the fawn and white and the penciled fawn Runners have been growing steadily in favor with poultry raisers for their sterling qualities of flesh and laying ability; and now that the pure white bird has arrived, with perhaps finer qualities than either, according to the statements of many, the great industry of duck raising will receive an added impetus. This white Indian Runner is a new variety, being a sport from the pure colored stock. It has not only inherited all the fine laying qualities of the fawn and white breed, from which it sprang, but has many excellent points of its own. Its appearance is striking—snowy white plumage, orange legs and bill and a slender, upright build and carriage, making it a great show bird. It lays a large, pure white egg and is exceedingly prolific.

There are few more profitable fowls than the Indian Runner duck, and none destined to become so great a factor in the southern poultry industry, which is at present advancing so rapidly. The Indian Runner, when properly cared for, will lay 200 and more eggs per year, and when given free range will make its own living. It does well in confinement, however, and is a splendid bird for the resident of the town or city, or for the poultry run.

The south has many advantages for duck raising which other sections lack, and poultrymen are going in more and more for Indian Runners throughout this region. The Runners may be hatched successfully and raised in each month of the year in the south. They are not bothered by insect pests, thrive well and are very inexpensive to house. A duck hatched in the south is almost invariably a duck raised. Roup, gapes, cholera, sorehead and other menaces to chicken life do not affect Indian Runner ducks, which seem to be the ideal type for the poultry raiser.

FLOWING CONTESTS

BY NSUL A. G. SEFFERT,

Owen Sound, Canada.

MOST of the plowing for the succeeding year's crops in Ontario is done in the fall of the year. It is practically the last of the farmer's outdoor work before the winter sets in. The object of fall plowing is to gain the time it takes to the plowing in the spring so as to get the crops planted that much earlier. The fall fairs are over and the flowing contests are the last of the farmer's outdoor farm amusements. These plowing matches, or contests are held in nearly every county of the province during the last weeks of October, and always excite a good deal of interest and competition. In New York, 1,200 people turned out to witness the county contest, and sixty-three plow teams competed in what is alleged the biggest and most interesting plowing contests ever held in Canada. The weather conditions were ideal for the great competition. In plowing sod thirty-four teams competed and in stubble land twenty-nine. In the sod contest there was a time limit of five hours to complete the area allotted to each team. The remarkable result when the time was up was the fact that the first prize was awarded to a farmer who is 87 years old and has been following the plow for fifty-seven years. This aged farmer, according to the judges, outclassed every other competitor for the best work in the contest.

IRRIGATION FOR TURKISTAN

BY POST WHEELER.

Charge d'Affaires, American Embassy, St. Petersburg.

AN OFFICIAL announcement given out here to newspapers states that the Russian Department of Agriculture has elaborated and will submit to the council of ministers a proposed law governing private irrigation enterprises in Turkistan. These rules stipulate the conditions under which government lands will be allotted to private persons for irrigation and operation as well as the conditions for carrying out irrigation work on lands owned by private parties.

EGGS IS EGGS

BY W. E. VAPLON,

Colorado Agricultural College.

THE time of egg storage is with us. Feeding for eggs is on the programme and still the eggs come very slowly. Perhaps it has been an "unusual" season, but that's no reason; all that I can remember have been and I never expect to see any other kind.

Let's forget winter eggs and diseases and balanced rations and storage eggs and trusts for a while, and consider just health—health. Health goes with a clean body, with as well as without; to have the hen's body clean outside means a clean house; a clean floor, clean litter for the stormy weather, and for these cold, frosty mornings, clean roosts; of course, there are no mice, but give roosts and nests a good soaking just because. Your hens have no lice, but it is a safe bet that an ailing fowl has had its vitality sapped by lice and mites; give her a dose of powder, gunpowder, if she is very sick; otherwise lice powder.

Now for the inside; a teaspoonful of cream salt for each half dozen fowls about once in two weeks. For the inside, for the daily moon, make cooked vegetables, the greater the variety you can furnish the better, and with these thoroughly mix bran, fine corn chop, a little oil meal, and season with salt. Use the proportions you find they like and don't give more than they will eat in a hurry. To make them jump for this feed, only a little small grain in the morning and with this grain plenty of exercise; the feed should be spent in the gymnasium. At night cram them so full of corn that they will need an elevator to lift them up to the roosts. Don't crowd; allow plenty of fresh air; clean, fresh water and milk, if possible, and if all this don't bring lots of 50-cent eggs, it is not your fault; anyway, sleep easy, for you are probably getting as many as the other fellow.

For the inside, for the daily moon, make cooked vegetables, the greater the variety you can furnish the better, and with these thoroughly mix bran, fine corn chop, a little oil meal, and season with salt. Use the proportions you find they like and don't give more than they will eat in a hurry. To make them jump for this feed, only a little small grain in the morning and with this grain plenty of exercise; the feed should be spent in the gymnasium. At night cram them so full of corn that they will need an elevator to lift them up to the roosts. Don't crowd; allow plenty of fresh air; clean, fresh water and milk, if possible, and if all this don't bring lots of 50-cent eggs, it is not your fault; anyway, sleep easy, for you are probably getting as many as the other fellow.

Now for the inside; a teaspoonful of cream salt for each half dozen fowls about once in two weeks. For the inside, for the daily moon, make cooked vegetables, the greater the variety you can furnish the better, and with these thoroughly mix bran, fine corn chop, a little oil meal, and season with salt. Use the proportions you find they like and don't give more than they will eat in a hurry. To make them jump for this feed, only a little small grain in the morning and with this grain plenty of exercise; the feed should be spent in the gymnasium. At night cram them so full of corn that they will need an elevator to lift them up to the roosts. Don't crowd; allow plenty of fresh air; clean, fresh water and milk, if possible, and if all this don't bring lots of 50-cent eggs, it is not your fault; anyway, sleep easy, for you are probably

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modern woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent free on receipt of 21 one-cent stamps to cover cost of mailing only; or, in cloth binding for 31 stamps.

Address Dr. R. V. Pierce, Buffalo, N. Y.

In the Churches

Monday evening, Jan. 22, the new officers will be installed. All members are urged to be present, as after installation light refreshments will be served and a good time in general, so we ask all the members to turn out.

You can generally tell how fond a man is of cabbage from the brand of cigars he smokes.

FREE TO YOU—YOUR SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman.
I know woman's sufferings.
I have found the cure.
I will tell you of my charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home with-out a doctor. Men cannot understand women's sufferings. What we women know, experience, we know better than any doctor. I can cure any home treatment is safe and sure for Leucorrhoea or White Discharge, Uterine Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors, or Growths; also pains in head, back and limbs, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weakness, kidney and bladder troubles where caused by weakness, need to urinate.

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial; and if you wish to continue, it will cost you only about 12 cents a week or less than two cents a day. I will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer, if you wish, and I will return you the treatment for your cure, entirely free in plain wrapper, by return mail. I will also send you free of cost, my book, "WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it. It is a book that will save you a doctor's fee. You must have an operation, you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all at once. To Mothers of Daughters, I will explain a simple home treatment which speedsily and effectively cures Leucorrhoea, Uterine Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors, or Growths; also pains in head, back and limbs, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weakness, kidney and bladder troubles where caused by weakness, need to urinate.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell you of their own experience with all women's diseases, and make women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write today, as you may not see this offer again.

Address
MRS. M. SUMMERS, Box 1, Notre Dame, Ind., U. S. A.

RAILROAD RED BOOK

The Annual Review Number of the Denver & Rio Grande's monthly magazine, "The Railroad Red Book," is out. For this special issue the governors of the three states served by the Rio Grande, viz., Colorado, Utah and New Mexico, have contributed excellent articles on the progress made by those commonwealths in various industrial lines during the past twelve months and the possibilities for future achievement. Also, the statistician of the U. S. Reclamation Service, the presidents and professors of the State Agricultural colleges of Colorado and Utah, the officers of the commercial organizations in the various important cities and towns, as well as prominent citizens of the different communities, all have a cheerful word to say and impart some valuable nuggets of information regarding the many branches of industry, commercial and agricultural, which thrive throughout the "Rio Grande States." And all these stories of accomplishment are most appropriately introduced by an inspiring poem entitled "The Three Sisters," by Edwin L. Sabin, the well known magazine writer, these "sisters" being Colorado, Utah and New Mexico.

This January number has been carefully edited, indexed and illustrated, and anyone who wishes to post himself on the important subjects treated cannot do better than secure a copy, read it carefully and preserve it for future reference.

W. C. T. U. NOTES.

The W. C. T. U. met as usual in the Rest Room Tuesday afternoon with Mrs. Wintermute as leader. On next Tuesday the Mothers' meeting, which will be held in the near future, will be discussed and planned. The meetings will be held each week until further notice.

HOW WRINKLES ARE CAUSED—AND REMOVED

(From American Home.)
"Why did no one think of this before?" writes a close thinking reader. "Wrinkles are caused by the skin becoming loose. Obviously the remedy is to tighten the skin. Equally it is obvious that the only thing which will tighten the skin is a powerful astringent."
"Now, it is well known that the only powerful astringent which is absolutely harmless and beneficial as well, is pure powdered salixite, obtainable from any druggist. Dissolve one ounce in a half pint of witch-hazel. Bathe the face in it daily and—behold! The result is almost magical. The skin becomes firm and smooth, the face feels snug, comfortable and solid, instead of loose and flabby. Simple, isn't it? As I asked—why did no one think of it before?"
One should be careful, however, to use no other astringents than pure salixite, as the former do no good and are really injurious more often than not."

BURNING KISSES

(Continued from Page 1.)
doing since the time she encountered young Bancroft.
The plaintiff seemed much relieved when Miss Dollinger finally stepped from the stand. She testified in the latter part of the morning session and in the first part of the afternoon. When she left the court house there was a throng of employees and others interested in the case who followed the German girl to the steps. She laughed behind her newspaper and leaned on the arm of Arthur Buchholz, who undertook to bring the young woman to court from the Hotel Hannover in Philadelphia. Even the farmer from the surrounding districts of Wilmington were on hand to catch a glimpse of the young woman in whom, it is alleged, young Bancroft had been so intensely, though briefly, interested.

"Here she comes!" rang through the dismal halls. Men seemed to come from every corner of the building. The marriage license bureau was filled with curious ones who wished to see this star witness and their only disappointment was that she concealed her features behind the newspaper.

Miss Dollinger first testified in Munich before William F. Curtis, who was delegated by the New Castle superior court to go to Germany in the divorce action. He found, however, that the German government would not allow him to subpoena witnesses, and therefore, was forced to abandon a hearing in Germany. So Miss Dollinger was brought to America as a witness in the case, and it is said she will return to Munich next Tuesday.

One of the exciting features in connection with the trial was the discovery Thursday that Mrs. Du Pont Bancroft had disappeared from her father's home.

It was said that she feared her husband's attorneys might try to get her to come to court, and for that reason she is living under an assumed name in a Philadelphia hotel. She is supposed to have left with her two children and her maid in a big touring car, immediately after learning that there might be an attempt to put her on the witness stand.

The loving epistles from Max Heibler which were read in court caused much comment here, and it is said that in one of the letters Heibler told young Mrs. Bancroft that he and she were linked together by the bonds of a wondrous love. It is declared that he wrote that no matter what the world would say, they were already married and that he therefore was supremely happy. "Thousands of kisses for you, my darling," he wrote, "for your beautiful eyes and your rosy lips."

John Bancroft Jr. denied that he ever met Miss Dollinger and said her whole story was untrue. When he was dismissed from the

RASTUS, THERE'S TWO COOKS OUT HERE WANT TO MARRY THE SAME COPPER! I DON'T KNOW WHAT TO DO.

I MUST THINK HEAVILY!

HE'S A BIG FAT COPPER!

OH! NOW I KNOW HOW TO FIND OUT WHICH LOVES HIM! SHOW ME THE COP!

GO HOME AND COME BACK HERE WITH YOUR STREET CLOTHES ON!!

COME ON OUT AND LET 'EM HAVE A LOOK AT YOU NOW!

WHERE'S HIS UNIFORM?

WHERE'S THE BRASS BUTTONS?

GOOD DAY!!

NOTICE TO BIDDERS.

Newark, Ohio, Dec. 30, 1911.
The County Commissioners of Licking County, Ohio, will receive sealed bids at their office in the Court House at Newark, O., until 1 o'clock p. m. on WEDNESDAY, JANUARY 31ST, 1912, for constructing the material and forming the labor necessary for the construction of the Ryan Bridge, over Clay Creek, in Madison Township. Structures—Two concrete abutments, 85 cu. yards. Superstructure—Steel, One 60 ft. span, 18 ft. roadway.
Plans and specifications are on file and may be seen at the offices of the County Surveyor and County Auditor during business hours of each day.
Contractors may submit plans other than those on file, but no plan will be considered with a live load capacity of less than 175 lbs. per square foot, and in accordance with Sec. 2345 of General Code of Ohio. Bids on submitted plans must state price of filling per linear foot, concrete and excavation per cubic yard, and steel per pound, for any increase or decrease that may be deemed necessary to the plans of bidders after construction of work begins. A certified check or deposit for 10% of the amount bid must accompany each proposal as a guarantee that the bidder will enter into a contract and furnish bond within five days after the awarding of the contract. Bids not upon which bids must be made will be furnished upon application to the County Surveyor.
The right is reserved to reject any or all bids.
FRED S. CULLY, County Auditor.
By order of the County Commissioners. 12-30a44t

Notice to Contractors.

The Board of Education of the school district of the City of Newark, Ohio, will receive bids on the 25th day of February 6th, 1912, for the erection of five escapes in accordance with printed specifications C. issued by the Department of Public Buildings, Columbus, Ohio, at the following school buildings, to-wit:

North Fourth Street Building: Two fire escapes, one east side of building; balcony of first escape to take in first double window second floor on southeast corner; balcony of second escape to take in first double window second floor on southeast corner; floor of balcony to be about six inches below floor of school room, and escapes to run directly away from building to ground.

Elgin, Ill.—"After fourteen years of suffering everything from female complaints, I am at last restored to health. 'I employed the best doctors and even went to the hospital for treatment and was told there was no help for me. But while taking Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use until I was made well.'—Mrs. HENRY LEISEBERG, 745 Adams St. Kearneysville, W. Va.—'I feel it my duty to write and say what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from female weakness and at times felt so miserable I could hardly endure being on my feet. 'After taking Lydia E. Pinkham's Vegetable Compound and following your special directions, my trouble is gone. Words fail to express my thankfulness. I recommend your medicine to all my friends.'—Mrs. G. B. WHITTINGTON.

The above are only two of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which show clearly what great things Lydia E. Pinkham's Vegetable Compound does for those who suffer from woman's ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

continued its use until I was made well.

LEGAL NOTICE.

Joseph Makranyi and Elizabeth Makranyi, whose places of residence are unknown, but who are supposed to reside in Flint, Michigan, are hereby notified that on the 3rd day of November, 1911, The Citizens Building and Loan Association of Newark, Ohio, filed in the Probate Court of Licking County, Ohio, a petition praying for the foreclosure of a certain mortgage executed on the 11th day of March, 1907, by said Joseph Makranyi and Elizabeth Makranyi to said Association for the sum of \$800 upon the South half of lot No. 1609 and the East half of lot No. 1611, in Henry Smith's Addition to the City of Newark, Ohio, according to a Plat of said Addition recorded in Plat Book, Volume 1, pages 267 and 268 of the Record of Plats of said County.
Said petition alleges that the conditions of said mortgage have been broken; that there was due October 25th, 1911, \$510.95, and prays that said real estate may be sold to pay the amount due upon said mortgage unless the said Joseph Makranyi and Elizabeth Makranyi shall pay the same before the day of hearing. Said defendants are requested to answer said petition on or before the 24th day of February, 1912, or judgment will be rendered as prayed for in said petition.

FREE LECTURE BY BISHOP WILLIAMS NEXT WEDNESDAY

The acceptance by the Rt. Rev. Charles D. Williams, Protestant Bishop of Eastern Michigan, of the invitation of the Men's Club of Trinity Episcopal church to deliver one of his famous lectures on economic conditions, is an item that should interest every good citizen. Bishop Williams stands in the fore rank of our country's greatest thinkers. His opinion on many economic subjects is authority, his writings are thorough and convincing, and his investigation of the subject of taxation has led him to endorse the Single Tax, or tax on land, franchises and monopolies only as against our present system of taxation. This taxing theory was the incentive and subject of one of the best known books, Henry George's "Progress and Poverty," the book that Count Tolstoy

MOROCCAN QUESTION DISCUSSED

Count Von Bernstorff, German Ambassador at Washington, Gives His Views.

New York, Jan. 23.—An article on "Germany and France With Special Reference to the Moroccan Question," by Count von Bernstorff, German ambassador at Washington, appears in the current issue of the Outlook. It is as follows:

The Moroccan question has passed out of its controversial stage and is now a part of history, so that we are able to look back on it with an impartial spirit and to judge the aims and results of the German government's action with fairness—a fairness which seemed to be sometimes lacking during the heat of the discussion.

It is well known that until 1904 England and France were contending with each other for supremacy in Morocco. Then followed the Anglo-French agreement of April, 1904, and in the fall of the same year a French banking syndicate contracted a new large loan with Morocco. Privileges of such importance were granted to this group of banks that the eventual fact of the sultan's empire seemed to be decided. Germany, however, intervened. The emperor visited Tangier, and a few months later the conference of Algeiras was held. In fair words it proclaimed the independence of Morocco and the sovereignty of the sultan. It also created a multitude of provisions and stipulated the "open door" in Morocco. At the same time, however, police powers were granted to France and Spain in eight open Moroccan ports, and, furthermore, the treaty concerning the above-mentioned loan was ratified with certain amendments. Above all, owing to the long Algeira-Moroccan border line, the conference could not prevent French influence in Morocco from continuing and even spreading. On account of the wholly unsettled and untenable conditions in Morocco—which it is no use denying—opportunities for the exertion of French influence could not long be wanting. In fact, the occupation of Ujda and the bombardment as well as the occupation of Casablanca soon followed. All this could have been prevented only if Germany had been inclined to restore order in Morocco and first to go to war, as would have been inevitable, with the Powers hostile to such an act on her part. The course of events will always prove to be more powerful than the most perfectly worded treaty provision, and the Algeiras Act could not be expected to alter the fact that Morocco and her inhabitants no longer in themselves possessed the strength to reorganize their country. Some enthusiasts believed that Moulay Hafid would be able to perform this task, but they soon had to recognize that, notwithstanding his skill and ability as a statesman, he did not have the power to bring about the necessary changes without foreign assistance.

For the German government there was therefore only one way open to protect German commercial interests in Morocco, viz., by securing France's protection of those interests. This result was achieved by the Morocco agreement of Feb. 9, 1909, which expressly mentioned the Algeiras Act as its basis. Clearly the object of this agreement could only be to delay French advance in Morocco as long as possible so that German traders, farmers and manufacturers were in the meanwhile, under this same French protection, guaranteed by treaty, able to consolidate their interests in Morocco in such a degree that a French protectorate could not destroy them. No one who knew the conditions in Morocco as they really were, and not as they perhaps wished them to be, could entertain the slightest doubt that a French protectorate must in the course of time be established.

This would have been considered the natural course of events had the aspect of affairs not suddenly changed when M. Pichon retired from the French foreign office and was replaced

by M. Cruppi. It seems that colonial fanatics who could not await the ripening of the Moroccan fruit, took advantage of this change to obtain the consent of the new minister of foreign affairs for the expedition to Fez. The pretended danger of the military mission and of the European colony in consequence of the rebellion of tribes in the neighborhood of Fez formed a welcome pretext. The capital was reached and military posts were to be withdrawn to the coast as soon as possible. It was evident that the larger part of the country would, like the Senegal province, soon be directly controlled by the French agents and military authorities.

During all this time semi-official German newspapers had constantly reiterated that, according to communications received in Germany, the Europeans in Fez were not at all in danger. When these hints proved to be of no effect, the New York German Gazette of April 30, 1911, addressed a new warning to France, which could not be misunderstood, declaring that a sultan governing with the aid of France no longer represented the sovereign sultan as defined by the Algeiras Act, and that Germany therefore would be entitled to resume her former freedom of action. This warning was not heeded. Events took their course and it was soon clear that the south of Morocco would also be drawn into the growing unrest. In this case the security of the Europeans living there—among them many Germans—might indeed have been in danger, since there were no French troops in the south, and no forces of the sultan which could be counted on. At any rate, several German firms feared that their interests and their officials were in danger, and during the month of June asked the German government for protection. As a consequence, the German cruiser Panther was sent to Agadir.

The French newspapers published during these days proved that, after having been startled at first, French public opinion very soon perfectly understood the meaning of this step. For any one who had followed the course of the Moroccan question, it was inconceivable that Germany should suddenly wish to conquer Moroccan territory. Even during the most critical moments of the whole affair, German had always emphatically declared that she pursued only economic interests in Morocco, and this with good reason. For Germany's occupation of some parts of Morocco—aside from the war which no doubt would have ensued—could mean nothing else than a long and continual display of military forces perfectly out of proportion to the possible gain. The friendship of the Moroccans for Germany naturally would have turned into enmity as soon as she followed the example of France and took up the role of an aggressor. It is only necessary to glance at the map and look at the sea route from Wilhelmshaven, in Germany, to Morocco, by way of the British Isles, to understand what it would have meant for Germany to send a large military force to Morocco. This would, however, have been unavoidable, since without such a force it would have been impossible to subject to German rule the sturdy tribes of South Morocco, all the more so because they would have tried to obtain help from their Algerian neighbor.

As already noted, the attitude of Germany was soon understood in Paris. The error of the expedition to Fez having been made, there was nothing left but to bear the consequences and pay dearly for what otherwise, in the course of time, might have been obtained without any sacrifice whatever.

There could be no doubt what price Germany would ask. On the one hand, increased and precise guarantees for the maintenance of the open door in Morocco, which would enable Germans to settle and do business in Morocco in spite of a French protectorate.

On the other hand, a compensation in the form of colonial territory, which had already often enough been mentioned during the earlier phases of the Moroccan affair. Frequently, the desire had been expressed in Germany that such a step would be taken. The government, however, had hesitated, hoping that the independence of Morocco might be maintained. This hope was now destroyed by the force of events, and Germany must be considered lucky in having been able to return to the idea of compensation.

It is well known that from the beginning this compensation was desired in the French Congo, in order to unite as much as possible the adjoining German colonies on the eastern coast of Africa, were it only by forming an economic unity through the establishment of appropriate trade routes. This goal was reached by the recent Morocco agreement between France and Germany, which gave the latter Power access to the Congo and the Ubangui.

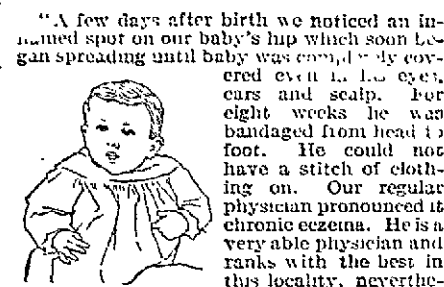

Although, of course, opinions may differ about the value of the territory ceded to Germany, it is evident that German commerce and industry, German miners and farmers, have obtained valuable guarantees for their interests in Morocco. This agreement furnishes a powerful instrument in the hands of the German government, enabling it permanently to protect German interests in spite of all contrary efforts. A careful reading of the text of the agreement will be convincing in this respect. The explicit prohibition of differential treatment of goods imported by foreign countries—which is of equal benefit to all nations, including the United States—the severe rules for controlling this, the possibility of an appeal to a clearly defined system of arbitration with regard to claims against Moroccan and French authorities, the possibility of the construction of private railways without public competition, and their administration by private boards—all these provisions of the agreement cannot be too highly valued.

On the whole, it can therefore be said that the negotiations conducted

under the moral pressure of the sending of the Panther to Agadir led to a satisfactory result for Germany, because she avoided chasing phantoms and tried only to reach a goal which it was possible for her to attain.

BABY PITIFUL SIGHT WITH ECZEMA

Completely Covered, Bandaged from Head to Foot. Dared Not Wash Him. Used Cuticura Soap and Ointment 4 Weeks and He Was Cured.

"A few days after birth we noticed an unusual spot on our baby's hip which soon began spreading until baby was completely covered with it. It was a terrible sight. He was bandaged from head to foot. He could not have a stitch of clothing on. Our regular physician pronounced it chronic eczema. He is a very able physician and ranks with the best in this locality, nevertheless, the disease began spreading until baby was completely covered. He was losing flesh so rapidly that we became alarmed and decided to try Cuticura Soap and Ointment. "Not until I commenced using Cuticura Soap and Ointment could we tell what he looked like, as we dared not wash him, and I had been putting one application after another on him. On removing the scale from his head and feet, and washing him with Cuticura Soap and Ointment he has as much hair as ever. Four weeks after we began to use Cuticura Soap and Ointment he was entirely cured. I don't believe anyone could have eczema worse than our baby. "Before we used the Cuticura Remedies we could hardly look at him, he was such a pitiful sight. He would fuss until I would treat him, they seemed to relieve him so much. Cuticura Soap and Ointment stand by themselves and the results they quickly and surely bring is their own recommendation." (Signed) Mrs. T. B. Rosser, Mill Hall, Pa., Feb. 20, '11. Cuticura Soap and Ointment sold throughout the world. Send to Potter Drug & Chem. Corp., Dept. 21A, Boston, for a liberal sample of each, post-free, with 32-p. book on the skin.

NEWARK HIGH BEAT ZANESVILLE BOYS

The Newark High school basketball team went over to Zanesville last night and defeated their old time rivals, the Zanesville High school team by a score of 20 to 18. The game was the hardest fought game the Newark High team has had this year. The score at the end of the second half was a tie. By mutual agreement of the captains the time was extended five minutes. At the end of this time Newark was one point ahead. Zanesville insisted on playing until one team was two points ahead. Within one minute after the game was continued Newark succeeded in getting the other one point. The attendance was good but the fans were a little disorderly.

Coach Millisor seemed well pleased with the work of his team and said that he noticed a big improvement in the style of play since the game a week ago. Newark High will have one of the strongest teams in the history of the school before the season is over. Next Friday our boys go to Lancaster and will undoubtedly bring home another scalp. Line-up:

Zanesville	Newark
Shamm, (c) 1 f.	Johns-Warner, 1 f.
Porter, r.f.	Long, r.f.
Joseph, c.	Loughlin, c.
Cahagen, l.g.	Myer, l.g.
Terry, r.s.	Brown, r.s.
Summar, Goals	Johns, 1; Warner, 1; Long, 1; Loughlin, 1; Myer, 1; Cahagen, 1; Terry, 2; Fouts-Loughlin, 2; Myer, 1; Brown, 7; Terry, 1.

Officials—Referee and Umpire—Moore of Denison and Madden of Zanesville, alternating. Timekeeper—Price. Score—Newark, 20, Zanesville, 18.

Have You Tried This?

Simple Prescription Said to Work Wonders for Rheumatism.

This has been well known to the best doctors for years as the quickest and most reliable cure obtainable for rheumatism and back-ache. It has been published here for several winters and hundreds of the worst cases cured by it in a short time. "Proton" your druggist get one ounce of Toris compound (in original sealed package) and one ounce of syrup of Sarsaparilla. Compound. Take these two ingredients home and put them into a half pint of good whiskey. Shake the bottle until a white spoonful before each meal and at bedtime. Results come the first day. If your druggist does not have Toris compound in stock he will get it in a few hours from his wholesale house. Don't be induced to take some patent medicine instead of this. Insist on having the genuine Toris compound in the original one ounce, sealed, yellow package.

BABY DEAD FROM INHALING STEAM

Zanesville, Jan. 20.—Little James Moore, aged 3, son of George Moore of Cumberland, near here, died last night from the effects of inhaling steam from a tea kettle.

While his mother was busy in the kitchen he climbed on a chair and placed his mouth over the spout of the teakettle, from which steam was pouring. He inhaled the steam and his lungs were literally cooked, the physician said.
